

Liquor Inventory Cut Helps Keep Treasury Afloat In Michigan

LANSING—(AP)—Michigan is doing its best to milk millions of dollars out of its whisky supplies to keep the state treasury afloat.

The Liquor Control Commission reported it was reducing its inventory to make more cash available.

Cash Supply Low

The House Republican caucus demanded that the inventory be cut to \$12,000,000 to make \$7,000,000 available in cash.

All this results from disclosures that the treasury contains less than \$13,000,000 now. Even with expected tax collections it appears to be headed for exhaustion by mid-March.

Auditor General John B. Martin Jr. reported he had reached an agreement with the Liquor Commission to cut its inventory from about \$19,000,000 to \$15,000,000.

On the contrary, Commission Chairman George J. Burke Jr. said the inventory now is only about \$17,500,000 and that the commission has been letting it slip toward \$15,000,000 ever since early December.

Payments Held Back

Burke conceded he and Martin had agreed to ask distillers to give the state 90 days, instead of 15 days, to pay for liquor it buys.

This will allow cash to pile up in the treasury past the mid-March

Chicago Canal Opening Urged

LANSING—(AP)—Michigan, which spent years fighting the lowering of Great Lakes waters through the Chicago drainage canal, today was urged to "cooperate" with Chicago in draining off more lake water.

The idea came from Senator A. P. Decker (R-Decker) in a resolution sent to committee in the Senate.

Decker said high water on the Great Lakes is causing heavy property damage and is resulting in demands on the Legislature and local government for expenditure of tax money to combat beach erosion.

"Why should we spend a lot of money to protect our beaches and still subject to Chicago taking more water out of the lakes?" Decker asked.

Expert testimony at recent erosion conferences has indicated that the Chicago drainage canal would lower the Great Lakes only an inch if it were operated wide open.

Six Killed In Fire At Mexican Theater

GAUDALAJARA, Mexico—(AP)—Six persons died last night when fire broke out near the screen of the Alameda movie theater, then spread to the rest of the building.

Patrons on the ground floor of the building escaped, but the one exit from the balcony became jammed with terrified fans trying to reach the streets. Six bodies were found near the door. Some were trampled and some burned. Nine persons were injured.

The movie being shown was "When Worlds Collide."

Weather

Reported by U. S. Weather Bureau

UPPER MICHIGAN: Cloudy and windy with snow flurries tonight; colder near the "So." Friday partly cloudy with a few scattered snow flurries.

ESCANABA AND VICINITY: Cloudy and somewhat colder with snow flurries tonight; low 5°-10° above zero. Friday partly cloudy with a few snow flurries; high Friday 22°. West to northwest winds around 20 mph this evening, diminishing tonight to northeast to northerly 10-15 mph by Friday forenoon.

Survivors Stay Aboard Stern Of Broken Tanker

BOSTON—(AP)—A Coast Guard officer told last night how crewmen of the severed Fort Mercer threw tradition to the winds by forcing their ailing skipper to jump for safety despite his plea he be the last to leave the wreck.

Other developments in the disaster of the two tankers which broke in halves during a storm off Chatham, Mass., late Monday:

Two commercial tugs today were towing the stern half of the Fort Mercer with 13 seamen aboard toward Block Island at three knots—about the speed of a leisurely walk.

A Coast Guard inquiry into the Fort Mercer disaster was set to get underway in Boston.

Crewmen of the tanker Pendleton told an inquiry board yesterday that in several respects the vessel's equipment was in poor order. Both halves of the Pendleton are hard aground.

The bow of the Fort Mercer was sunk by Coast Guard gunfire last night to eliminate what was considered "a menace to navigation."

And on the waters of Nantucket Sound, commercial tugs headed for the lee of land in pulling the stern half of the Fort Mercer on its slow and deliberate trip toward Block Island and eventually New York.

The 13 aboard were the last of 84 men who were on the Mercer and the Pendleton when a north-easterly crackled them both across the middle. Six are dead, eight are missing and presumed dead and 57 were rescued.

Rail Crossing Bill Defeated

LANSING—(AP)—A proposed crackdown on railroads holding up traffic at crossings more than five minutes was beaten by House Republicans yesterday.

The bill drew 30 favorable votes, all but a handful Democratic, and 50 no votes, all Republican.

It proposed levying a \$100 fine on the railroad companies for violation of present state law forbidding crossings to be blocked more than five minutes.

The bill would also have required prosecutors to start action against the railroad on the complaint of any citizen.

The only opposition voice raised before the vote was Rep. Alvin Richards (R-Marquette) who said it was unfair legislation "because no train crew would deliberately hold up traffic."

Privately, some Republicans said they opposed the bill because they felt it was aimed at a Detroit problem which should be handled locally.

The House put off until Feb. 27 a vote on a bill to replace the sales tax on package liquor sales with a three per cent "service and handling charge."

Industry Hopes Steel Walkout Saturday

MICHIGAN VILLAGE MOVES OFF MAP—The tiny village of Agnew, Mich., (above), population 102, will start moving off the map (Feb. 20) to make way for a highway. About 25 buildings are included in the project, including

the little German Lutheran Emanuel Church (center). It's the second move in 40 years for the structure. Straightening and widening of U. S. Highway 31 will begin when the move is completed in June. (AP Wirephoto)

Problem Of Stringing Air Bases Across Europe Tackled By Allies

By STAN SWINTON

LISBON, Portugal—(AP)—The Atlantic Allies' top military and financial brains grappled today with the urgent problem of stringing defensive air bases across Western Europe before the 1952 building season is lost.

The council of the North Atlantic Treaty Organization, meeting for the ninth time, broke into small groups for close examination of such high priority problems as the air bases and how to pay for

them, and how to fit Germany

into the west's defensive bastion.

Before the Defense and Finance Ministers lay blueprints for the air bases, their communication lines and control headquarters. With these completed, the 14 Western Allies could breathe easier despite the dangers of Soviet Russia's Korea-proven jets.

Gen. Dwight D. Eisenhower, boss of the alliance's military establishment in Europe, sent down the outline of his needs. What the defense and finance ministers are pondering is: Who will pay how much of their cost?

Most of the interest among delegates to this ninth NATO council meeting was focused on the air base question.

Eisenhower's military headquarters has given it a big name: Infrastructure.

Who'll Pay The Bills?

But military men say bluntly the 21 air bases planned for France and Morocco and a possible 60 European and North African bases ultimately envisaged must get going. Otherwise the 1952 construction season will be lost and 1954—the year the military men say will be the most critical for peace—will be drawing closer.

The military chiefs say they have pared costs down to the bone. The airfields, they say, will be austere bases. Many will have no permanent buildings. Mobile trucks will provide radio and radar equipment and other facilities.

Today the economists took over to see who will pick up the bills

Be Frank With Press,
Navy Officers Told

WASHINGTON—(AP)—The Navy reminded its officers today that "the Navy belongs to the public," and urged them to give whenever possible "frank, honest answers to questions from newspapers and wire services."

A public relations newsletter to all commanders, executive and staff officers said "too often newspapers are met with evasiveness, double talk or outright refusal to cooperate."

The newsletter, issued by Navy headquarters, said it is difficult to be completely frank with the facts "when you know that the editorial interpretation may not agree with the Navy's opinion," but laid down the rule that telling the truth is the best policy "even when the truth hurts."

Over 1,000 Japanese
War Holdouts Still
In Philippine Jungles

MANILA—(AP)—A Japanese war holdout still is hiding in the Philippines.

Nobuhiko Jimbo, a former Japanese army colonel, flew over Lubang Island, dropped bundles of letters from relatives of stragglers and by loudspeaker urged surrender.

Simultaneously general headquarters in Tokyo warned that every step forward in truth talks "will be followed by a step backward until Moscow is convinced that the final decision for Korea must be made without further delay."

The Russians occupied North Korea at the close of World War Two. They trained, equipped and

advised the North Korean army.

Both the Chinese Reds and the North Koreans are supplied with large quantities of Soviet-made equipment, including the deadly Mig-15 jet fighter, tough T-34 tanks and radar-controlled anti-aircraft batteries.

The border of Soviet Siberia joins Korea for a distance of about 10 miles.

The Chinese Communist radio at Peking Wednesday demanded U. N. acceptance of Russia as a neutral, declaring the Soviet Union always has opposed the

Korean war.

Past Record Shows
Russia Not Neutral

MUNSAN, Korea—(AP)—The U. N. command told the Communists today Russia's "record of past participation in Korea" bars the Soviet Union as a neutral fit to help police a Korea truce.

Two. They trained, equipped and

the question on which the whole program hinges.

The European nations want the United States to pay more than the 30 to 40 per cent which some Americans estimate the U. S. taxpayer should contribute. Almost all the European nations also feel their neighbors should kick in more of the cost, leaving less for themselves to pay.

Agreement on the financial angles, most sources felt, would send the construction program into high gear.

Close observers felt the union would extend the strike deadline so the Wage Stabilization Board would have more time to recommend a settlement in a controversy over a new contract that expired Jan. 1.

The WSB stepped into the dispute after numerous negotiating sessions failed and an impasse was reported to President Truman.

The federal agency will not participate in a labor dispute which has produced a strike. Consequently, observers feel the union will move back its strike date in order to see what the WSB recommends. A recommendation is not binding.

Up To 60 Cents An Hour

Only a few days ago the WSB concluded hearings in the case. It heard the union say it is entitled to a wage increase and other benefits. The industry contended it can't increase wages without boost-prices.

The union wants an 18½ cent hourly pay hike. The average hourly wage is from \$1.92 to \$1.97 an hour.

The union also is asking a union shop, guaranteed annual wage, improved premium pay and other concessions. The industry says the total demands would add up to an hourly package of 60 cents a man.

Middletown, Tenn.
Bank Robbed Again;
Bandits Shot Down

MIDDLETOWN, Tenn.—(AP)—often-robbed Middletown bank was held up again today by two gunmen who were cut down by mass fire from irate citizens as they fled.

The two holdup men were severely wounded as they tried to escape with a bank customer whom they had seized as a hostage.

The hostage, W. B. Sasser Jr., an oil distributor, was not wounded.

Town Marshal Terry Hodge and Deputy Sheriff Carl Pitkin captured the wounded pair. The two were wounded by gunfire from about 20 citizens, who had been alerted by the latest robbery of the bank about a month ago. Today's was the fourth robbery in recent years.

St. Louis, Mo.
Ban On Teletypes
Too Far-Reaching,
Bell Lawyer Says

LANSING—(AP)—Proposed legislation outlawing the transmission of gambling information on teletypes was attacked as too far-reaching by a Michigan Bell Telephone Co. representative yesterday.

James Smith, company attorney who appeared before the House judiciary committee, said it put every teletype customer and every employee of the company maintaining the equipment in danger of criminal prosecution.

The measure has already passed the Senate.

Opposition to the bill was also expressed by Julian McIntosh, attorney for the Daily Sports News.

Chairman John H. McCarthy of the state public service commission bore out Smith's claim that the company is required to give service to all who ask for it. He added that the company is responsible to see that its equipment is not used illegally. He said he took no stand on the bill.

Iron Mountain Bride
Killed In Collision

IRON MOUNTAIN, Mich.—(AP)—Mrs. Dorothy Dale, 43, a bride of two weeks, was killed in a car collision near here yesterday.

Her husband, William, 33, and the driver of the other car, Capt. William Baltimore, 38, suffered critical injuries. Capt. Baltimore is head of the Salvation Army here

Mills Go Full Speed As Union Leaders Confer

PITTSBURGH—(AP)—Top officers of the CIO United Steelworkers drew up their decision today on postponing a nation-wide steel strike Saturday night—but kept it secret pending ratification by the union's wage-policy committee.

The 170-man wage-policy group was called into session by Philip Murray, president of both the CIO and the USW, shortly after noon.

Boss Won't Talk

Murray refused to talk to newsmen at the conclusion of the two-hour morning session of the 35-member executive board. He promised to hold a news conference at the end of the wage-policy committee meeting, expected about 4:30 p. m., Eastern Standard Time.

All indications are that the union will postpone its strike deadline.

The industry roared full speed ahead while the union officials met. When a strike is threatened, the industry usually begins an orderly shutdown process. It requires from four days to a week to cool furnaces without damaging them.

May Extend Deadline

Close observers felt the union would extend the strike deadline so the Wage Stabilization Board would have more time to recommend a settlement in a controversy over a new contract that expired Jan. 1.

The WSB stepped into the dispute after numerous negotiating sessions failed and an impasse was reported to President Truman.

The federal agency will not participate in a labor dispute which has produced a strike. Consequently, observers feel the union will move back its strike date in order to see what the WSB recommends. A recommendation is not binding.

Senators Question Millions Spent On Abandoned Bases

WASHINGTON—(AP)—Senators hoped to learn today why a reported 1¼ million dollars were spent on North African air bases that later were abandoned.

Lt. Gen. Lewis A. Pick, chief of the Army Engineers, was called as the chief witness before an open hearing of the Senate defense watchdog subcommittee.

Pick has just returned from an inspection of air bases and other overseas construction.

He is expected to have details on why one airbase in French Morocco had to be abandoned after a million dollars was spent on a runway.

Senate investigators said a similar runway failure forced abandonment of a second base on which \$130,000 was spent while \$150,000 was spent on a third Moroccan air base that also has been abandoned.

Voters To Elect Four Councilmen

Escanaba voters will on April 7 elect four members to the city council, the first election in a 1952 series at the local, state and federal levels.

The terms of three councilmen will expire this year and a fourth council seat will be filled for an unexpired term.

Expiring terms are those of Councilmen Robert E. LeMire, S. R. Wickman and Nevin Reynolds.

The unexpired term is that of the late Peter N. Logan, whose term will continue to April, 1954. Councilman Ed Cox was named to fill the vacancy until the spring election this year.

None of the incumbents have indicated whether they will seek office.

The April 7 election of city councilmen is non-partisan. The last day for voters to register at the office of City Clerk George Harvey is March 8.

Council candidate have until March 18 to file nominating petitions. There is no primary. Nominating petitions must have the signatures of at least 50 qualified electors.

On the local election calendar the next in the series is the election by the voters of two members to the Escanaba board of education. The school board election will be held June 9.

The state primary is scheduled for Sept. 9, and the general election in this presidential election year will be held Nov. 4.

Will Honor Delta 4-H Bean Grower Champs At Dinner

GLADSTONE—The champion 4-H bean growers of Delta county will be honored by the Gladstone Lions club at a dinner meeting next Thursday evening, Feb. 28, at the Yacht club.

The champions for 1951 who were picked earlier by Fred Bernhardt, county 4-H club agent, are, Grace Budinger, 17, of Cornell, and Willard LaMarche, 13, of Escanaba Route 1.

Guests and speakers at the meeting will be Norman O. Sorensen of Milwaukee, president of Country Gardens, George Hensen of Coleman, Wis., general manager of Country Gardens, Albert Schuchardt of Coleman, Wis., food technologist for Country Gardens, and Otto Hunziker of Milwaukee, director of research for the Continental Can Company.

Mr. Sorensen will discuss the future plans for the development of the Gladstone Country Gardens plant. Besides the Gladstone plant, there are plants in Coleman, and Gillette, Wis.

Wm. Schoen Infant Son Dies At Wilson

William Henry Schoen Jr., ten month old son of Mr. and Mrs. William H. Schoen of Wilson, died this morning at 7 at the family home.

He was born May 2, 1951, in Escanaba. His parents are the only survivors.

Funeral services will be held Saturday afternoon at 3 EST at the Boyle funeral home in Bark River with the Rev. Karl J. Hammar officiating. Burial will be in the family lot in Wilson cemetery. Friends may call at the funeral home after 2 p. m. Friday.

Powers Plans Class In Clothes Making

There will be an adult education class beginning February 26, at 7:15 in the Powers - Spalding High School Home Making room. Miss Joyce Anderson will teach the class in Clothing Construction. An attendance of at least twelve must be had in order to maintain classes free of charge.

There are nearly five million tribesmen in Uganda, Africa.

"FIESTA TIME" brings on the ice this quartet of young ladies who account for some of the variety in Ice Varieties of 1952, being presented for the next four days at the indoor rink. All of them have several former ice revues to their credit and three appeared in a trio spot in last year's show. They are (left to right) Elaine Beck, Joan Johnson, Annette Paquette and Mona Redman. (Daily Press Photo)

New Anderson Funeral Home Opens This Week

A modern, 24-room brick building on the west end of Ludington street will be the new location of the Anderson Funeral Home. A two-day open house is planned this weekend.

Proprietors C. Arthur Anderson and his son, Arthur G., announce that interior work on the two-story lannon limestone structure will be completed this week, ending a 15-month construction schedule.

Ground was broken on the site of the new building in November, 1950, with actual construction beginning early in 1951 under General Contractor Erling Arntzen and Architect Gothard Arntzen, both of Escanaba.

Accompanying work on the building was contracted out to a total of 16 firms, from Escanaba and the vicinity, which supplied all the work, materials and equipment that has gone into the structure.

Ground dimensions of the rectangular building are 122 by 55 feet with the long front facing Ludington street.

Three Chapels
Featured room in the new funeral home is a main chapel, 19 by 46 feet, which exits to a canopied driveway on the east side of the building. The room is equipped with a small pulpit and a sound system, which carries music from the organist's room into the chapel, indirect lighting and a radiant heating system, installed in the ceiling. The lighting and heating feature is also carried throughout the building.

Color scheme of the main chapel is beige and pastel cocoa, with harmonizing effects in draperies and the modern-period furniture, and trimmed with bleached blond woodwork.

The main chapel is flanked by a second chapel - layout room which can be utilized when necessary. This subsidiary chapel, done in green and rose, is equipped with fold-away doors which bisect the room, creating a third chapel.

A family room and a choir and organ room border the main chapel.

Other rooms on the first floor are a flower room, a preparation room, a storage room to house excess chairs and equipment, an entrance area, the office and the men's and ladies' rooms.

The stairway leading to the upper floor bends in front of a 10-foot high, glass-block window which holds a large stainless steel cross, facing the road in front of the building.

The upper floor houses a display room for burial garments and units, a storage room, a utility room and a seven-room apartment.

Third Location in Escanaba
The new building will be the third location co-proprietor C. Arthur Anderson has occupied since he started in the mortician's profession in 1916.

The Anderson Funeral Home is currently a partnership of C. Arthur Anderson and his son Arthur G. Anderson.

thur G. Anderson.

The elder Anderson, born in Escanaba in 1895, began his career with the J. B. Wilkinson Furniture and Undertaking Company in 1916, when that firm was occupying the third floor of the Fair Store building on Ludington street. He was with the company, except for a tour of duty with the U. S. Navy during World War I, until 1919 when he formed a furniture and undertaking corporation with Frank X. and George Buchanan in the same building.

In 1921 the corporation was dissolved and H. B. Bonefeld bought a partnership interest with Anderson. Moving from the Fair Store in 1926, the combined furniture and undertaking business was divided geographically into two businesses, with the furniture dealership occupying the present site of the Bonefeld Furniture store and the mortuary taking quarters at the location it currently holds at 1220 First Ave. S.

In 1935 Anderson sold his interest in the furniture company to Bonefeld and continued as sole owner of the funeral business.

His son entered the firm in 1951 after receiving his state license. The younger Anderson was graduated from the Dallas Institute of Mortuary Science at Dallas, Tex.

The present staff of the Anderson Funeral Home includes, beside the Andersons, another licensed mortician, Benjamin H. Johns, formerly of Stambaugh, and William Kammeier.

hall at 2:30. Mrs. Frank Nygren and Mrs. Herman Stenlund will be the hostesses. The public is cordially invited.

P. T. A. Meets
The Rapid River Rural Agricultural P. T. A. will meet Monday, Feb. 25 at the high school. The lunch committee for the evening will be Mrs. Murray Cole, Mrs. Agnes Lind, Mrs. Bertha Thomas, Mrs. Louis Sorengrife, and Mrs. Howard Kuehn. The project committee will give a report on its findings.

Obituary

MRS. E. J. MURPHY
Funeral services for Mrs. E. J. Murphy will be held Friday afternoon at 2 from the new Anderson funeral home. The Rev. Karl J. Hammar will officiate. Burial will be in the family lot in Lakeview cemetery.

PFC. JOHN YLINEN
Services for Pfc. John Ylinen, who was killed in action in Korea on July 28, 1950, will be held tomorrow afternoon at 1:30 in the Methodist Church of Treenay with the Rev. Tulkka of Ishpeming officiating. Burial will be in the Treenay cemetery. Full military rites will be conducted by the Treenay Legion Post. The Anderson funeral home is in charge of arrangements.

Truman May Decide To Drop Vandenberg As Air Force Chief

By ELTON C. FAY
WASHINGTON—(AP)—President Truman must decide in the next two months whether he wants to reappoint the senior member of the strategy-making Joint Chiefs of Staff, Gen. Hoyt Vandenberg.

Vandenberg's four-year term as Air Force Chief of Staff, which also makes him a member of JCS, expires on April 30.

The President had a noncommittal answer when asked at a news conference whether he intended to reappoint Vandenberg. He said the question hadn't reached him yet.

Too Young To Retire
Vandenberg would appear to have several sound reasons for accepting reappointment of offered to him. Aside from the importance of his position as commander of the Air Force and senior PCS member, is the fact he is only 53 years old and with only 29 years of service. That means he is eligible neither on the basis of age or service for retirement.

If he is not reappointed and chooses to remain in active service until he can retire, the Air Force will be confronted with the delicate question of what assignment to give an officer who has been the top military official of the USAF.

Vandenberg is a native of Milwaukee and nephew of the late Republican Senator from Michigan, Arthur Vandenberg.

Truman picked Vandenberg as the first head of the Central Intelligence Group when that organization was set up in 1946. He

returned to the Air Force a year later as vice chief of staff, then became chief of staff in 1948 upon retirement of Gen. Carl Spaatz.

Doolittle Possibility
Mr. Truman's non-committal reply to the news conference question stirred talk that the President might not reappoint Vandenberg. Guesses about who else might be chosen for the post included Gen. Curtis E. LeMay, commander of the Strategic Air Force, and the vice chief of staff of USAF, Gen. Nathan F. Twining.

The possibility was not ruled out

that the President might recall to active duty, for appointment as Air Force Chief of Staff, Lt. Gen. James Doolittle. It was noted that Mr. Truman turned to Doolittle in selecting a chairman for a special presidential board to investigate aircraft accidents. Doolittle was a famous pilot of World War I and air general in World War II.

SPEEDY BALL
In a series of tests, it was found that the average speed of a bowling ball was about 30 miles per hour, with 37.5 miles per hour as the highest speed recorded in the tests.

Bergman Heads Soil District

In a Tuesday meeting of the members of the Delta county soil conservation district, Edwin Bergman of Bark River was re-elected president of the group, Robert Watchorn, vice president, Joe Heirman, secretary and Clayton Ford, treasurer.

New members of the board elected in a balloting this month and seated at the meeting are Anthony Purzol of Stonington and Onni Siimes of Rock. Their election to the posts was announced this week after a disputed balloting was settled by the Lansing office of state Soil Conservation Committee.

The Delta county soil conservation district is an organization of land owners and operators working together to combat soil erosion, to increase soil fertility and to encourage the best use of land.

The Delta county district, organized in 1950, provides a means by which farmers can formulate their own soil conservation program and obtain technical help in their land problems.

The five-member board performs the administrative functions of the district while Tom Hughes, farm planner of the federal Soil Conservation Service, supplies direct assistance to the farmers through consultation.

Nahma Expects 150 U. P. Lions Saturday Night

NAHMA, Mich.—About one hundred and fifty Lions of the Upper Peninsula are expected to attend the Favorite Citizen Night dinner meeting at the Nahma community center at 7:30 Saturday evening, Feb. 23.

The Lions International Special Service Award will be presented to a group of men and women who will be recognized for outstanding service to their respective communities.

Bowling will be provided for Lions members who come earlier in the day. Special musical entertainment will be offered at the dinner, and Dr. A. B. Bernier of Nahma will be the principal speaker.

Film Program At Escanaba Club Afternoon Meeting

An interesting and education film, "The Feeling of Hostility," released by the University of Michigan Extension Service, was shown at the Wednesday afternoon meeting of the Escanaba Woman's Club in Westminster Hall of the First Presbyterian Church.

The film presented a study of the life of a woman, revealing causes of her inner feelings and loneliness in spite of outward confidence. Mrs. James H. Bell was chairman of the day.

The business meeting and film were followed by refreshments served by the hostess chairman, Mrs. Charles Hammar, and her committee, Mesdames Roy B. Johnson, E. L. Pohl, Nicholas Chapekis, Stanley Ostman, Ray C. Olson, Jack Sprague, Tom Wilkinson, Roy E. Hebert and L. F. Garrard.

RENNEL HELPS Lost 22 Pounds Royal Oak Lady Pleased

"Rennel Concentrate has made a new person out of me. Before taking Rennel I weighed 140 lbs. Now I weigh 118 lbs. Since I am only 4 ft. 10 in. tall that means so much," writes Mabel Duffy, 1316 N. Elm, Royal Oak, Mich. "I am telling my friends of the many ways in which Rennel helps. I feel much better, have new vitality, and last but not least, my appetite has helped me to become regular again."

Thousands have discovered this amazing simple home recipe to be the safe economical no diet way to reduce. Obtain liquid Rennel at your drug-gist, mix with grapefruit juice as directed and take two tablespoonfuls twice a day. That's all there is to it. If you do not lose weight with the very first bottle just return it for your money back. You need never know a hungry moment while reducing with Rennel. Insist on genuine Rennel.

DRESSING ROOM CHAOS on opening night of Ice Varieties of 1952 was in strong contrast to the organized, smooth-flowing performance of last night's 1952 ice revue which is settling down for a five-day stay at the fairgrounds indoor rink. First nighters saw a top notch show of figure skating talent, which was high-

lighted by seven massive production numbers, including a colorful boy-meets-girl-in-Gay Paree "American in Paris" sequence, and some show-stopping skating by a group of the finest young skaters seen in thirteen years of annual ice revues. (Daily Press Photo)

Ice Revue Premiere Wins Much Applause

An enthusiastic group of young and experienced skaters presented a fresh, fast ice show last night as Ice Varieties of 1952 got under way in Escanaba.

After a lively opening, the fast-paced revue gained momentum as it moved through a series of skits, solos and line numbers to a rollicking "Circus on Ice" finale.

The well-staged and well-executed production numbers were mingled with specialty spots of both comical and classical skating in which talented youngsters performed with unusual skill.

The majority of the solo and duo spots were presented by skaters young in years but definitely advanced in artistry. In former years these specialty spots were given to such skaters now in the professional ranks as Jon Flanagan, Howard Sullivan and Jeanne Groos.

But the youthful ice gliders soloing in this year's Ice Var-

ieties, though somewhat younger than their predecessors when they appeared in the shows, are not far from the talent of those former stars.

Youthful Stars Shine

Fast-skating, 12-year-old Billy Goodreau last night showed a style and energy that recalls the skating of Jon Flanagan in his early years on Escanaba ice.

Mary Goodreau, his 15-year-old sister, displays a remarkable grace and smoothness of line that anticipated a future skill which will take her to the top of the list of Escanaba's finest figure skaters.

Another youngster, John Moore, brings to the show one of its best examples of precision classical skating.

But the list of talented performers doesn't end there; other up-and-coming young skaters who give the show its charm and vitality are Donna Sullivan, Patsy Davis and Joy Peterson. More experienced skaters in the

revue are Bill Cretens as the American in Paris, Jeannette Le-Captain, the show's choreographer, Cleve Moore, Joyce Anderson, Mona Redman, Annette Paquette, and Joan Johnson.

Applauded Approval

Judging from the applauded approval of last night's spectators, the highlights of the show were the solo and duo spots of the young skaters mentioned, the ensemble comedy numbers—"Keep It Clean", "Dance Me Loose", "An American in America", and "Battle of the Bulges"—and the production numbers—"An American in Paris", "South Sea Island" and the grande finale, "Circus on Ice."

The opening night audience warmly applauded the efforts and achievements of the cast and crew in presenting what looks like a better-than-average version of Escanaba's Ice Varieties.

WATER IS FOOD

Water, even though it does not supply energy as do carbohydrates, fats, and proteins, is a food, according to biochemists. Food is considered as including all materials required for growth and repair of body tissues, and water certainly is one of these.

Personals

WELLS—Mr. and Mrs. James Anderson of Soo Hill have returned from a trip to Stephenson, where they visited with Mrs. Anderson's sister, Mrs. Fred Cap-paert, and in Talbot where they visited Mr. Anderson's mother, Mrs. John Anderson.

Libya is 800 miles wide.

City Fire Loss Below Average

Escanaba's fire loss for the year 1951 totaled an estimated \$20,864 or \$1.39 per capita, considerably below the \$33,529 annual average fire loss in the city for the previous five years, and far below the national average.

The comparatively light loss is an index to the promptness and effectiveness of the fire department and the growing awareness of citizens to fire hazards, said Glenford S. Leonard, director of public safety.

During the past year the fire department responded to a total of 376 calls, of which 139 were to private dwellings. Defective stoves, chimneys and flues were responsible for 101 of these fires.

Many False Alarms

There were 46 calls to shops and business places but none caused serious loss. Careless smoking and use of matches started 16 of the fires, improperly installed or defective wiring and fixtures caused eight. Greatest proportion of loss suffered was the direct result of these causes.

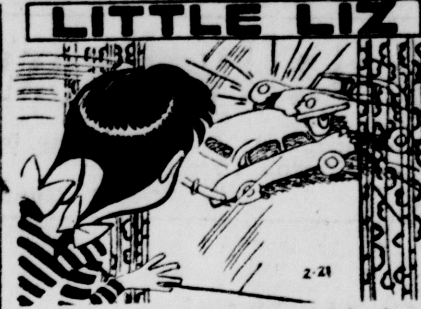

Improper storage of oily rags and papers started three fires in the city in the past year. One hundred and five calls were received for minor miscellaneous fires with 57 calls for grass fires and 12 for rubbish dumps.

Sixty-four malicious false alarms were turned in to the department last year, with firemen and equipment responding at cost to the taxpayers and danger to the men. Fourteen juveniles and their parents were brought into probate court last year to answer to malicious false alarm charges.

New Resuscitator

Important forward step in life saving was the purchase of a Pneolator, a new type respirator for use in cases of heart attacks, strokes, drowning, electric shocks and asphyxiation. The department responded to 24 calls last year in which a resuscitator was used, and in several cases its use meant the difference between life and death.

Quick use of the resuscitator is essential, and the department pointed out that calls to the department should be made at the same time a doctor is summoned.

Too many motorists think the line down the center of the highway was put there for their left tires to run on.

in cases of drowning, electric shock, heart attack, and asphyxiation.

A new foam chemical extinguisher, useful in combating inflammable liquid fires, was purchased and four alarm boxes were replaced last year.

Fire Safety Lessons

Twice as many building inspections were made by the department last year as in 1950, with defects reported to the building owners and follow-up inspections made in cases of serious hazard.

School lectures were given and indirectly resulted in the saving of lives. Three children who had heard the talks saved their lives by putting the lessons to work and avoided toxic smoke poisoning.

Outside the work on the fire front, department personnel in cooperation with the Salvation Army aided in the repair and distribution of 3,000 toys during the Christmas season. Approximately 400 man hours of work were donated.

Books Are Sought For Nahma Library

NAHMA, Mich.—Donations of books, magazines and other periodicals are being solicited for the newly created library, which will be located in the Nahma community center building.

Dorothy Brown, English teacher at the F. W. Good high school, is chairman of the library community of the Nahma Community Coordinating Council, which is sponsoring the project.

Persons wishing to make contributions to the library are asked to notify Miss Brown, who will make arrangements for the collection of the books and other materials.

Mrs. Richard Hoyer Rites Saturday

Funeral services for Mrs. Richard Hoyer, prominent Escanaba resident who died at the home of her daughter, Mrs. Mark Andrews in Fargo, N. D., will be held at 2:30 p. m. Saturday at the Allo Funeral Home Chapel. The Rev. Joseph S. Dickson, rector of St. Stephen's Episcopal Church, will conduct the rites. Burial will be in the family lot in Lakeview Cemetery.

The body of Mrs. Hoyer, accompanied by her son, Fred, was brought to Escanaba this morning and taken to the Allo Funeral Home where friends may call beginning at 4 p. m. Friday.

Louis Hoyer, another son, who also was in Fargo with her, and Mrs. Andrews are arriving here Friday night.

Mrs. Hoyer's survivors in addition to her daughter and two sons, and her grandchildren and great grandchildren, include one sister, Mrs. Thomas Mastain of South Bend, Ind., and two brothers, Henry Arnold of Escanaba and Godfrey Arnold of Manistee, Mich.

City Council Will Meet Here Tonight

The Escanaba city council will meet at 8 p. m. today in council chambers at city hall with Mayor Guy Knutson presiding.

There is no unfinished business on the agenda for this evening. New business to be considered includes the adoption of a resolution favoring construction of the St. Lawrence Seaway; and consideration of the use of the city-owned building east of city hall.

Editorials—

Selection Of Karl Dickson As Man Of The Year Is Good Choice

THE Jaycees have made a very excellent choice in naming Karl Dickson as Escanaba's outstanding young man of 1951.

It is particularly fitting that public recognition be given now of Karl's work because so much of it was accomplished last year as a behind-the-scenes worker. Dickson has been a strong supporter of all civic activities but it is in the field of youth work that he has devoted a large part of his time.

The development of Little League baseball in Escanaba is directly the result of Karl Dickson's vision and his promotion. He not only secured the Little League franchise in the city, but arranged for the uniforms of the four teams long before the season ever began. Then he organized the league, secured leaders for the clubs and the league and developed a program so successful that in its first year of operation, the Escanaba Little League champions won the state title. Needless to add, it was Karl Dickson who played a leading role in the drive for funds to send the

Korean Armistice

Need Not Be Pawn

COMMUNIST negotiators at Panmunjom naturally would like United Nations spokesmen to commit our side to a post-war political conference, with Formosa and the issue of Chinese Red entry into the UN on the agenda.

Thus far our representatives have not accepted any such terms, and there is no sign that they will, provided they can recognize them at all times. For the Communists have a talent for phrases containing concealed jokers.

Actually, a satisfactory armistice could be had without settlement of the question whether to call a later conference and UN negotiators ought to insist on leaving this item out, rather than haggling over it indefinitely or making risky concessions.

The idea of a conference is perfectly all right, so long as its prospective agenda is not frozen in favor of the Communists.

The best way to assure that is to let the eventual diplomatic conferees themselves determine the program, instead of putting that responsibility in the hands of military men at Panmunjom.

But however the agenda is fixed, we must make certain that it reflects our own major concerns in Korea and the Far East. We have a right to insist on international guarantees of any Korean settlement, so we don't have to contemplate renewal of the conflict at some future date.

And any discussion of Korea can hardly ignore the issue of achieving a unified nation from the Yalu River to Pusan.

Apparently U. S. officials in Washington are now adhering firmly to those points. They go further. They would insist that a future conference be widened to include not just the present Korean belligerents but all nations with a stake in Far Eastern peace.

That might include Japan, India, Burma, Indonesia, Siam and Indo-China.

More important, American diplomats would demand that a broadened conference deal with such painful and long-standing questions as the guerrilla warfare sparked by Communists in Indo-China, Malaya and the Philippines.

There is no earthly reason why it should be proper to discuss Formosa, an island the Chinese think we menace, and not talk about Indo-China, a land we are convinced they threaten.

Future political discussions could well include one more UN demand: That any decisions arrived at in regard to general Far Eastern issues be not linked directly to a Korean settlement. In other words, the maintenance of peace in Korea should not be made to hinge on what we do about Formosa or what the Reds do about Indo-China.

As an issue, Korea is a thing apart, and it cannot be made the subject of diplomatic trading. If we can stick to all these guns, we shall not likely be in danger of losing any further ground to the Communists in Asia—at least not around the council table.

The big question is, of course, whether the Reds for their part will find it possible to stomach so decent and fair a settlement. The proofs are still lacking.

Other Editorial Comments

EXTENDING PASSPORT-FREEDOM (Milwaukee Journal)

European unity must come in small things as well as large. A European army, a Schuman plan for coal and steel, a European congress are not enough alone. Barriers between people must be knocked down all along the line.

It is encouraging, in this connection, to note that a Scandinavian parliamentary committee has recommended complete abolition of passport control between Sweden, Norway, Finland and Denmark.

At first, passport freedom would be extended to citizens of the Scandinavian countries. When that program is operating successfully, it will be extended to citizens of other countries.

A reform such as this, with the changes in thinking and custom it implies, is another straw in the wind of unity and co-operation that is sweeping over Europe today.

Questions and Answers

Q—What breed of dog is the Normand?

A—It is a French breed similar to a mixture of our hound and pointer. It stands about 28 inches high and weighs approximately 75 pounds. The skin on its face is loose and wrinkled and it has a very coarse muzzle.

Q—Are there in existence any examples of the Latin novel?

A—"The Golden Ass" by Apuleius, a second century Latin writer, is one of the few surviving examples.

Q—Are motion pictures popular in India?

A—India is the second biggest film producing country in the world, surpassed only by the United States.

The Doctor Says . . .

Control Your Weight And Avoid The Problems Of Obesity

By EDWIN P. JORDAN, M. D. — Written for NEA Service

There are important reasons besides that of appearance as to why people should not put on too much fat, and why, if they do, they should make every effort to take it off.

The problem is an enormous one, (no pun intended), since it has been stated that at least one-fifth of the population over the age of 30, or about 15,000,000 persons in the United States are overweight. Many younger people weigh more than is good for them. It is agreed that simple over-eating is the main cause in most cases.

Here are a few things which the overweight person can face. Among insured men, those who were over-weight have a higher death rate than the average at every age, and the greater the degree of over-weight, the higher the risk.

It has been stated, for example, that for men 20 to 29 years old, the mortality of those 25 to 34 per cent over-weight was 34 per cent above the general average, and approximately this same picture holds for other age groups, and for women as well as men.

Your chances for reasonable life expectancy, therefore, are better if you are of normal or under normal weight.

But ill health as well as possible early

Merry-Go-Round

By DREW PEARSON

LOS ANGELES—The governor of California was sitting in the Sacramento Sutter club with Walter Jones of the Sacramento Bee when his onetime opponent on the Democratic ticket, Bob Kenny, walked in.

Governor, said Kenny, "I've been conducting a Democratic underground for you for president. Every time an eastern newspaperman interviews you, he comes to see me afterward and asks: 'What's this fellow Warren really like?'"

"I tell them," continued Kenny, who served eight years as Democratic attorney general of California under Governor Warren, "that I went eight rounds with the guy and couldn't even lay a glove on him."

"Perhaps we ought to get a statement from Kenny endorsing you for the nomination, Governor," suggested Newsman Jones.

"Oh no," good-naturedly protested Governor Warren, "I'm having a hard-enough time convincing the Republicans that I'm not a Democrat."

GOP SURE SHOT

Democrat Kenny, who is a sincere admirer of Governor Warren, Republican, put his finger on the real reason why GOP bosses frown on Warren's nomination, and also on the reason why more realistic Republican leaders are coming round to the fact that the governor of California would be the surest shot to win for the GOP next November.

For what Franklin Roosevelt advised his party in 1932—"To win we have to wear away Republican votes"—is even more true, in reverse, today. With heavy Democratic registrations built up during 20 years of Roosevelt-Truman rule, the Republicans must be able to pull Democratic votes to win, and Earl Warren is one sure shot who can do so.

When running for governor in 1942, for instance, he polled 400,000 Democratic votes. When he ran again in 1946, he pulled so many Democrats that they nominated him on the Democratic ticket. In 1950, despite the opposition of Jimmy Roosevelt, a popular and appealing candidate, Warren rolled up a lead of around 800,000 in a state that has 1,000,000 more registered Democrats than Republicans.

SECRET OF WARREN'S SUCCESS

It sounds trite to say this, but the secret of Warren's success is being an extremely good governor in a state that is extremely hard to govern.

The ingredients of that success can be summarized as follows:

1. A shrewd instinct for avoiding executive mistakes.
2. The selection of irreproachable public servants, whether Republicans or Democrats.
3. An intuitive sense of smell that steers him away from emotional issues.

In a state that has seen the rise and fall of funny-money, ham-and-eggers, and all sorts of fringe movements, Warren has never jumped on a hallelujah bandwagon. Frequently it would have seemed good politics to do so. When he was a rising young politician in Oakland, the Ku Klux Klan swept the state like wildfire and many a politician, with a stronger sense of expediency than wisdom, put on the pillow case. But not Warren.

Neither then nor later has he gone in for emotional issues. Some years ago a bandwagon rush for old-age pensions put Sheridan Downey in the Senate—where he promptly forgot all about ham-and-eggs. Warren shunned that bandwagon without any fanfare. Meanwhile he has gone quietly ahead working on old-age pensions until he has about the best record of any governor in caring for oldsters.

When the rage for loyalty oaths came along, Warren also failed to lead the professional patriots and put his right hand on the Bible. Asked if there would be a purge of California employees, he replied: "No, we never hired any Reds in the first place."

The nearest Governor Warren ever came to skating on thin ice was when he championed a modified public-health bill. This made California doctors see red and Warren was accused of championing creeping Socialism.

He has stuck to his guns, however, and the reason is that when Warren was a boy, his father, master car builder, was killed by a housebreaker at night, and his mother was left with a large family and the difficulty of paying doctor's bills. So the governor knows what it's like to go without medical attention. He also had an experience with the Pacific Mutual Company when he once forgot to pay his health insurance for one day.

Though overdue only one day, it took all the prestige of Warren's position, then attorney general of California, to get his insurance policy reinstated.

Into The Past

10 YEARS AGO

Batavia, N. E. I.—The Japanese, extending their immense South Pacific offensive, invaded the flowering little island of Bali and Allied warships, planes and fighting men closed with the enemy in a supreme and savage effort to cast him out of the beachheads.

Washington, D. C.—Aviatrix Laura Ingalls was sentenced to prison for failing to register as an agent of the Reich when she took German money for making anti-war speeches in 1941.

Gladstone — Hilda Apeigren, Gladstone High School student and daughter of Mr. and Mrs. Erick Apeigren, was selected best citizen of the high school in the annual Good Citizenship contest sponsored by the Daughters of the American Revolution.

Manistique—The high school basketball quintet caused some trouble to the Escanaba High School cagers but the Eskymos rang up a 37-22 victory to mark their twelfth straight win.

20 YEARS AGO

Washington, D. C.—An assurance that President Hoover's name would be entered in the Ohio primary came from the White House in the first open battle move of the chief executive's renomination campaign.

Gladstone—A crowd of about 1,000 persons saw the Annual American Legion Dog Derby races held between Delta and Wisconsin avenues.

An Illinois bandit entered a home and took only a teen-ager's clarinet. Let's hope the neighbors have alibis.

A Word to the Wise

Yanks Build Five New Airbases Despite Cloud Of Arab Unrest

By NEA Foreign Service

CASABLANCA, Morocco — (NEA) — Under a storm cloud of unrest in the Arab world, a new American "invasion force" has moved into French Morocco, nine years after Allied forces made their first landings of World War II on this strategic North African coast.

The new "Invasion"—by 20,000 civilians and military personnel—is part of a half-billion dollar project to build and operate five new long-range bomber bases that will achieve a three-fold purpose:

1. Protect the southern flank of the NATO countries under Gen. Dwight D. Eisenhower's command.
2. Discourage aggression in the Mediterranean and possibly in the Near East.
3. Give us a strong and well-protected base for the support of our Air Force operating in Europe.

French Morocco was chosen for this gigantic project for a number of reasons, chiefly strategic. It is less exposed to Russian air attacks than Britain. And it is preferable to Spain, where the Franco regime is not an ally like France and thus must receive something in return for concessions.

In Morocco, nominally an absolute monarchy under a sultan, the U. S. Air Force negotiated its deal directly with the French resident general, Gen. Augustin-Leon Guillaume, who directs Moroccan policies. As a result, America finds itself in the middle of a political sandstorm between the French and the Arab nationalists.

The deal with the French was under the 1912 Treaty of Fez, which specifies that the French resident general is the sole mediator between Americans and Moroccans. The Sultan was ignored completely.

This stirred Arab Nationalists to revive their claim that President Roosevelt, during the Casablanca conference, had assured the Sultan that the U. S. was in favor of Morocco's independence. They now also cite Gen. Eisenhower's recent declaration that "the legitimate aspirations of the Moslem world must be recognized."

In retaliation, the French are accusing the U. S. of supporting Moroccan nationalists against French interests, and Gen. Guillaume has demanded that Americans end their "prudent neutrality" in Morocco.

American observers here think it is more than doubtful that we will recognize the ambitions of the Arab nationalists. A forced French exit would undoubtedly lead to an armed uprising and chaos in a country where the stake of American interests exceeds by far the half-billion dollar investment.

In addition to the five air bases Port Lyautey has been used as a naval base since 1945. It supplies the Sixth (Mediterranean) Fleet. Its submarines, with the British, control the Strait of Gibraltar. Its long-range patrol planes can fly as far as the Soviet orbit and check any movement along its western rim.

Two of the new Air Force bases are already in operation — Sidi Slimane, 35 miles east of Port Lyautey, and Nouasseur, 20 miles south of Casablanca. Another at

Ben Guerir, half-way between Casablanca and Marrakech, is under construction. Work on the other two hasn't started.

It took only three months to build the runways at Sidi Slimane and Nouasseur, where the runways are 11,000 feet long and 300 feet wide, big enough to handle the biggest planes in existence.

Last October the first B-36s landed at Sidi Slimane, and the Air Force breathed easier. Experts had worried about the crosswinds, which exceed 20 miles an hour and are considered dangerous for jet planes.

There has been criticism of the haste of the construction work, which was accelerated because of its urgency. At Nouasseur, thousands of Arabs worked in day and night shifts to create not only the air base but a virtual desert town which is only the cornerstone of an "American village" for the base. Nevertheless, the building program is behind schedule.

There has been criticism of the cost, too, partly because the work is being rushed without sufficient planning, partly because it is being done under a cost-plus-fixed fee contract. The Atlas Construction Co., a combine of five American firms, is the contractor, and there has been friction both with the U. S. Engineer Corps and the French. A Congressional Committee is looking into it.

There has been trouble with the French about duties on building materials and gasoline. Although Morocco has no protective tariff, the French are eager to protect the Moroccan economy. They are especially watchful of the wages paid Arabs and imported French workers, who get 40 to 60 cents an hour. An American worker gets \$2.45.

With overtime and allowances, this gives the average American worker about \$200 a week. Unless he sends it home, there's nothing

Good Evening . . .

By CLINT DUNATHAN

FOR THE RECORD—R. M. Higby of 716 South 14th street, Escanaba, writes to point out that in a recent column concerning legislative redistricting of the state we overlooked an important factor in defense of Upper Peninsula representation.

"While I do not wish to take sides in a discussion of this type one way or another, nevertheless, it would seem to me that the Press could address Messrs. Cloon and Roy in their proper capacities. They are not representatives but state senators.

"It further seems that of all the legislative representatives in Upper Michigan that these two seem to be the only ones who have sufficient interest in our fine country to put up a legitimate fight for it. The others certainly were conspicuous by their absence," says Higby.

Note: We agree with Higby that State Senators Leo H. Roy of Hancock and Joseph Cloon of Wakefield (both Republicans) are making a good fight for Upper Peninsula representation in the Legislature. And we meant no disrespect by failing to give them their proper titles as state senators.

AN ORDER IS GIVEN—A recent U. S. Department of Agriculture news release reveals which way the federal government wind is blowing.

"The Department of Agriculture has ordered the largest total crop production in the history of agriculture," the farmer and the general public are informed.

You will note the Department has not requested, solicited, or importuned — it has "ordered."

The "order" apparently is addressed to farmers, the fertile land, the elements, and to the Almighty himself.

Further, reports the Department of Agriculture, the goals are "based on what the nation needs and what the farmers can produce under existing conditions." Considering the current scandals in connection with the government's ever-normal granary and the history of potato dumping the private citizen might wonder if the Department really knows "what the nation needs."

To clinch the nail on the other side of its "order" the Department tells the people: "This is an important part of the defense program."

The whole tenor of the release indicates a high-handed impatience with the people themselves. They are tools of government and if they do not measure up to government orders they are failing to adequately protect their country.

There is but one more step for planners in the Department to take—the imposition of penalties for failure of the one-year plan.

ON LOCAL GOVERNMENT—In a recent issue of Michigan Municipal Review is an article by William F. Devin, mayor of Seattle, Wash., and immediate past president of the American Municipal Association.

His comments concerning the responsibility of citizens at the local level of government and the financing of local programs are sharply critical. Excerpts from his statement follow:

"There is only one place that government ever gets money and that is from the people.

"On matters of purely local concern we should look to our own resources. I know they have been thoroughly combed out and that further efforts will bring forth groans and complaints from our citizens, but I have always felt that it wasn't so much the amount you took and how you took it.

"I've seen people pour more money into a pinball machine in an hour than they had to pay for a new city or village hall in a year, and then how to high heaven about the city hall tax and say never a word about the pinball losses."

Note: Our comment is that most people more resent a moderate tax increase at the local level than an outright grab at the federal level. The recent 11 per cent income tax increase aroused no more than a flurry of opening pocket books to pay the tax boost.

Power With Words

By Dr. C. E. Funk

MALAPROPISMS

"That's a beautiful dress, but I wouldn't care for all those 'sequences' around the yoke," said a modern Mrs. Malaprop to her friend.

The original Mrs. Malaprop was a character in Sheridan's "The Rivals" who had the faculty of using perfectly good words in the wrong places, words very similar in sound to those that should have been used but of wholly different meaning. She spoke of "an allegory" on the Nile, for example, when she should have said, "an alligator"; she talked of "flying with the utmost 'felicity,'" when "facility" should have been used. Her speech was filled with such mistakes. Hence, since Sheridan's time, such blunders have been known as "malapropisms" (MAL-uh-prop-isms).

The speech of the character, "Tugboat Annie," popularized by her creator, Norman Reilly Raine, abounds in similar instances of malapropisms. She speaks of "a woman in Virginia who gave birth to 'quadruplets,'" instead of "quadruplets"; "KWOD-ru-plets"; "I'll 'rubble' up to the office," instead of "ramble"; "You want my 'preposition,'" instead of "proposition." It may be thought that Mr. Raine somewhat overdoes the misapplied words that he has "Annie" inject into her speech, but there are people in real life who are about as mixed up as "Annie" is.

The woman who didn't like the "sequences" on the yoke of her friend's dress is very much alive. The spangles she referred to were "sequins" (SEE-kw-ins), not "sequences" (SEE-kwen-sik), successions. When she told a store clerk she was "just 'brusing' around," she meant "browsing," looking around casually. She doesn't "like to have people 'revising' her," which is not a bad substitute for "advising."

A doctor says it's healthier to kiss a girl on her photograph. Some folks go around just spoiling our fun.

The trouble with most home towns is that they need a change of climate.

So They Say

I shall marry one day, but only a princess. I consider this my imperative duty. Of course . . . the choice is automatically very limited.—Prince Bertil, of Sweden.

We should cooperate with any countries who will cooperate but I don't know how we can make countries defend themselves if they don't want to.—Sen. Milton Young (R., N. D.).

We are not talking of trail marriage. We want to create indissoluble economic bonds.—French Premier Rene Pleven speaking for the Schuman Plan.

The next thing they'll have me doing is vivisectioning my dog without an anesthetic.—Actress Tallulah Bankhead at the trial of her secretary-maid.

Germfask

Home Extension Group
GERMFASK—The Merry Homemakers Home Extension group met at the home of Mrs. Harvey Saunders Thursday evening. The lesson on home arrangements and furnishings for family living was given by leaders, Mrs. C. J. Henry and Mrs. Clarence Nelson. Mrs. Ed Smith Jr. was in charge of recreation. Refreshments were served following the business meeting by hostesses, Mrs. Harvey Saunders and Mrs. George Orlich. Decorations were in the valentine motif. Those attending the meeting were Mrs. Albert Boyd, Mrs. Thurman Skarritt, Mrs. Harvey Saunders, Mrs. C. J. Henry, Mrs. Clarence Nelson, Mrs. George Orlich, Mrs. Axel Mortenson, Mrs. Ovid Swisher, Mrs. Ed Smith Jr., and Mrs. William Anderson, the latter a member of the East End Craft Club.

V.F.W. Social for Veteran
 The V. F. W. Post 8962 and its Auxiliary entertained at a social at the Community building Tuesday evening in honor of Robert Burns, a returned Korean War veteran. Cards were played with prizes as follows: Cribbage, high, Howard Snyder, low, Eugene Smith; 500, high, Mrs. Wilbert Belounga, and low, Mrs. Oral Lawrence. Pot luck lunch followed the social.

Cribbage Club
 The men again defeated the women at the Cribbage Club play held Wednesday night, which leaves the women trailing by well over a 1,000 points. Those on the refreshment committee for the evening were Mr. and Mrs. Wayne Wachter, Mr. and Mrs. Oral Lawrence, Mr. and Mrs. Harold Stecker, Mrs. Ruth Brown and Frank Brown.

Parents of Son
 Mr. and Mrs. Ray McCarrick are the parents of a son born February 12. The baby has been named Ray Lynn. Mrs. McCarrick is the former Marvel Losey, daughter of Mr. and Mrs. Orley Losey.

Lutheran Ladies' Aid
 The Lutheran Ladies' Aid met at the home of Mrs. Ed. Smith on Friday afternoon. Routine business was transacted and plans were made for a bake sale to be held at Bills Sport Shop Friday

CHICAGO'S MISS PHOTOFLASH—Ruth Poppel, 21, of Benton Harbor, Mich., was chosen Miss Photoflash of 1952 by Chicago Press Photographers at their annual dinner. Miss Poppel will compete in the national contest in Galveston, Tex., May 4. (NEA Telephoto)

afternoon. A lunch was served by the hostess following the meeting. Those attending the meeting were Mrs. Ling Burns, Mrs. Lavern Burns, Mrs. Emil Ketola, Mrs. Audie McDougall, Mrs. Polimir Lawrence, Mrs. C. J. Henry, Mrs. Ed Smith, Mrs. John Nowak, Mrs. Harland Ackley, Mrs. Alvin Aikens and Mrs. Jean Lustila. The next meeting will be held at the home of Mrs. Jean Lustila Friday, March 7.

Social Affairs
 Mrs. George Swisher was guest of honor at a pink and blue shower held at the Community building Monday evening. The party was arranged by Mrs. Herbert Burton, Mrs. Leonard Gager and Mrs. Hubert Latsch. The following out of town guests were present: Mrs. Joe Anderson, Mrs. Alfred Tuttle, Mrs. Cleo Gehrett and Mrs. Kenneth Geh-

rett of Curtis; Mrs. George Whitcomb, Mrs. Cecil Whitcomb of Blaney Park and Miss Lona McGahan of Newberry.

Mrs. Charles Holbrook was guest of honor at a pink and blue shower held at her home on Friday evening given by Mrs. Dorwin Bonham and Mrs. Harold Newborn.

Mrs. Jay Livermore was guest of honor at a pink and blue shower held Friday afternoon at the home of her parents, Mr. and Mrs. Vern Lloyd.

Briefs

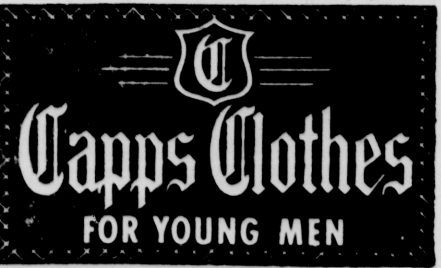

Mr. and Mrs. Fred Papple and daughter Cheryl spent the weekend at the home of the former's parents at Hale, Mich.

Mrs. Ovid Swisher, Mrs. Clarence Nelson, Mrs. Oral Lawrence and Mrs. Jean Lustila attended a Civilian Defense meeting at the Gulliver School Friday night.

Snowfall Makes Roads Slippery

(By The Associated Press)

More snow arrived today to put another coat of glaze on Michigan's already slippery highways.

Since a sheet of freezing rain, sleet and snow was slapped across the southern part of the state yesterday, a total of four persons have lost their lives in skidding automobiles.

Road conditions today were reported improved over yesterday. But still the Auto Club of Michigan reported highways "generally slippery in spots."

Temperatures around the state averaged in the mid-20's early today. Cadillac reported the lowest, a mark of 12.

Snow was general in the southern half of the state, with only Gladwin reporting a heavy cover. The forecast for lower Michigan was for cloudy and windy weather with snow flurries tonight. The temperature was expected to drop during the night to a low of 15 in the north and 20 in the south.

The weather bureau said Friday would be partly cloudy with not much change in temperature.

The same forecast held for the Upper Peninsula.

Winter was generally in command through the northern half of the nation. Havre, Mont., registered -10 and Rapid City, S. D., -1. Light snow was general from New York to the Great Lakes region. But the Southwest and the Gulf Coast reported mild weather.

House Demands Data On Truman-Churchill Deals

(Continued from Page One)

month's talks, Truman and Churchill issued a 1,200-word joint communiqué, couched largely in general terms but stressing the theme that the U. S. and Great Britain intended to cooperate closely in the global struggle against Communism.

Vorys conceded that the House couldn't force the president to give information he doesn't want to disclose but insisted that the state department answer "was not good enough."

There have been other occasions when Churchill and American leaders met, Vorys said—such as at Yalta and Tehran—and "we're beginning to find out some of the things that happened then."

Author of the resolution was Rep. Berry (R-SD).

The result of the vote was clear notice to the president's House leaders that the pending foreign-aid program faces a rough time.

"DANCE ME LOOSE"—Not a leading Democratic figure and "Mister Republican" himself, but a couple of puppets are these two political figures (with strings attached) enjoying a waltz on a New York television show. Harry and Bob, built by puppeteers Bill and Cora Baird, have gained quite a non-political following among TV audiences.

Reason Plain Why We Are In Korea, Says Gen. Ridgway

TOKYO—(P)—Gen. Matthew B. Ridgway said it is deplorable that many Americans still ask "Why are we in Korea?"

The Supreme Allied Commander declared the pattern of Communist intentions is "now spread across the world where even the blind can see."

For his part, Ridgway said there can be no question of the "validity and purpose" of U. S. fighting in Korea "against that deliberately planned, unprovoked aggression."

"To have done otherwise," he said, "would have been a repudiation of every principle we had previously professed."

Ridgway spoke at the annual convention of the Far East department of the Reserve Officers Association.

He made no mention of the Korean armistice talks at Panmunjom. The address was devoted largely to remarks on military reserve officers and George Washington, who was born 220 years ago tomorrow.

Ridgway said the same situation

exists today that Washington found in 1775 when he wrote that one of his hardest jobs was to induce people to believe there was "danger until the bayonet is pushed at their breasts."

"Our country," Ridgway said, "still has today many people whose intelligence level offers no slightest excuse for a similar mental outlook on this problem."

"With the pattern of Communist intentions now spread across the world where even the blind can see, neither the seeming insulation of distance, nor the native born of a sheltered life, can plead the slightest excuse, nor abate one iota of our individual responsibility."

"The lessons learned through General Washington along the Schuylkill River at Valley Forge," Ridgway said, "have been taught again to us along the Rhine, the Elbe, the Nakdong and the Han."

"If the United Nations is to be effective; if we are to build indestructible strength into a world union of free peoples; if the divine will made manifest in man is ultimately to dominate and control group despotism; then we'd best read those lessons again and see that our generation and each succeeding generation learns them—learns and lives them."

"Valley Forge remains a living symbol of the strivings of men for freedom during that epochal period of history when one by one people on both sides of the Atlantic rise against intolerable despotisms to begin a struggle for freedom which continues unabated."

"Korea is but one more revelation of the continuance of that struggle."

DEVELOPED PLASTICS

The first plastics were developed by John Wesley Hyatt, a young American printer, in 1863, according to the Encyclopedia Britannica.

Wall Street

By RADER WINGET

NEW YORK — (P)—A rally in the stock market today brought prices up moderately and stemmed the retreating tide of the past two days.

Right from the start of trading the market was active and higher with prices up from fractions to between 1 and 2 points.

There was good activity at comfortably higher levels in rails, oils and copper mining issues.

The market in the past two days nosed over into the most severe decline of the year. Breakers ascribed the acute breakdown to generally adverse economic factors in addition to a renewal of Wall Street nervousness over the future of defense spending in the event of a truce in Korea.

American Telephone, which was sold freely yesterday on news of a new financing plan, was off a fraction today in moderately active trading.

American wooden, which lost 3 1/4 yesterday when directors took no common dividend action, rebounded today with a fractional gain. The rally was natural after such a big drop.

Stocks gaining today included New York Central, Northern Pacific, Standard Oil (N.J.), Gulf Oil, U. S. Gypsum, Western Union, Kennecott Copper, American Smelting, Union Carbide, General Electric, American Tobacco, Bethlehem Steel, Chrysler, U. S. Rubber, Montgomery Ward, Boeing, and Radio Corp.

Corporate bonds were narrowly mixed.

'Measles Year' Hits Michigan

LANSING — (P)—Michigan is in for a "measles year" the state health department has warned.

The department said cases are being reported at the rate of 700 a week.

The disease already has reached "epidemic" proportions in the southeastern sections of the state and is rapidly spreading to other areas, the department said.

The health department warned that the disease is the most highly communicable of all the so-called children's diseases. It is especially dangerous to children under six years of age.

Parents were advised to call their doctor at once if a young child is exposed.

Because of the threat of complications or even death from measles to younger children, the department recommended modification of the disease in all children under six years of age and the prevention of measles in infants and children who are not well and strong.

The department advised that physicians have a serum—immune serum globulin—to modify or prevent the disease but said success depends upon the parent knowing the approximate time of exposure.

To prevent measles, it must be given immediately after exposure. To modify measles, it must be given on the fifth or sixth day after exposure, the department said.

The department said the child who has been exposed to measles usually develops cold-like symptoms in about 10 days. The rash follows in about four days. The disease is most communicable three or four days after the rash appears.

Danforth

Gary's Birthday Party

Gary Bengston, son of Mr. and Mrs. Leonard Bengston, celebrated his tenth birthday Saturday afternoon with a party in his home. The group enjoyed a sleigh ride.

Gary received many gifts from his guests, who were Tommy and Jack Chailier, Pat, Mary and Butch Blixt, George Larson, Bertha Lee Johnson, Bonnie Palmer, Escanaba, and Gary's brother and sister, Allan and Karen.

A party lunch was served. Home Economics Club

The Danforth Home Economics club met Tuesday night at the home of Mrs. George Chailier. The chair seats of the Danforth School, which are now being used for Sunday School and 4-H work, were covered at the meeting. Lunch was served. The next meeting will be held at the home of Mrs. Wallace Irving on March 18 at 8 p. m.

Calf Club Meeting

The Delta County 4-H Calf Club held a meeting at the Danforth School on Monday night with Joe Heirman, Delta County Agricultural Agent, and Fred Bernhard, Delta County 4-H Agent, conducting the meeting. A large group of parents and children attended the meeting.

Personals

Mrs. Jack Zipef of Milwaukee has returned to her home after spending the past three weeks visiting at the home of her parents, Mr. and Mrs. Peter Larson. Her father accompanied her to Milwaukee to visit with his daughter and son-in-law, Mr. and Mrs. John Nicholas and infant son, Gary. He returned to his home Monday.

Mrs. Louis Kircher of Milwaukee has arrived for a visit at the home of her sister, Mrs. Peter Larson. Mrs. Larson has been confined to her home with an eye infection. Her condition is improved.

Mrs. Sandy Short Re-Elected Head Of St. Ann's Society

RAPID RIVER — Mrs. Sandy Short was re-elected president of St. Ann's Altar Society, St. Charles Church, Rapid River, for the third consecutive year at the regular monthly meeting held Monday evening in the parish hall.

Mrs. Agnes Lind and Mrs. Angus Pineau were re-elected vice president and secretary respectively and Mrs. Dallas Kniskern was chosen treasurer to succeed Mrs. Ned Short.

Interesting talks on the pictures of the fourteen prophecies, which they painted for exhibit during the holidays were given by Mrs. Stack Smith and Mrs. Victor Powers of Escanaba. The program was arranged as an observance of Bible Week.

Lunch was served after the meeting by Mrs. Albert Schram, Mrs. Kenneth Scott and Mrs. Sandy Short.

Isabella

Briefs

ISABELLA — Mrs. Arvid Sundin, Mrs. Judith Strom, and Mrs. Signe Bonifas were guests Tuesday at the home of Mr. and Mrs. Alfred Asplund of Cunard.

Mrs. Harvey Sundin and son, Burton, and Mrs. Julia Sundin visited Wednesday in Manistique at the Edwin Sundin and John Wood homes.

YEP, SILLY SEASON'S A-COMIN'—Yes, boys, spring is supposed to be the silly season, and these new Paris hats don't prove otherwise. That little opus at left, for instance. That was designed by Pierre Balmain, for spring, 1952. In case this picture is one the missus misses, you can tell her it is a white felt tricorn, with severe side-sweep, cut-out crown and a long feather, looking like a solidified drip, drooping down behind. That other thing, that looks like an explosion in a spaghetti factory, is also a hat, according to designer Lanvin Castille. No spaghetti it, but merely an "asymmetrical cascade of rolled black organdy sticks falling from a tiny black straw cap." See?

Advisory Groups Put Up Plans For State To Raise 60 Million

LANSING — (P)—A legislative study committee published a recommendation of three citizens' advisory groups proposing methods of raising \$60,000,000 to \$60,000,000 more for state government.

The recommendations still are subject to review by the legislative committee headed by Senator George H. Higgins (R-Ferndale).

The citizens' groups opposed Governor Williams' corporation profits or income tax as "especially untimely, unwise and inequitable under current tax and business conditions."

The recommendations: 1—\$1,300,000 from a broadening of the corporation franchise tax

to include in the basis of levy such items as payrolls, rentals and similar fundamentals of business activity. The tax now is levied on capitalization.

2—\$3,000,000 to \$4,000,000 from a mercantile license tax designed to catch large unincorporated businesses.

3—\$500,000 by requiring national banks to pay the same corporate privilege tax as paid by state banks.

4—\$3,000,000 to remove the tax advantage now enjoyed by foreign insurance companies and mutual companies.

5—\$3,300,000 by imposing a three per cent use tax on telephone service; \$2,300,000 from railroad, telephone and telegraph companies by taxing them on the state equalized valuation base instead of on the state assessed valuation.

6—\$11,500,000 by increasing the intangibles tax, revision of the base and elimination of the \$20 flat deduction allowed each taxpayer above \$680 annual income from intangibles.

7—\$13,100,000 by imposition of the "used car use tax."

8—\$1,500,000 with a use or occupancy tax on hotel or tourist court rooms.

At the same time it cut supplies of metals for household appliances, the NPA boosted the quotas to makers of less-essential items such as costume jewelry, cigarette lighters, venetian blinds, luggage, hardware and novelties.

Administrator Henry H. Fowler said this was being done to keep a number of firms from being forced to shut down. Particularly hard hit have been jewelry-producing centers in New England.

Evicted Son Of Actor Robinson Is Drafted

HOLLYWOOD — (P)—The 19-year-old son actor Edward G. Robinson evicted from his home is in line for a new job—soldiering.

Edward G. Jr. was ordered yesterday to report for his induction physical examination Tuesday.

Young Robinson was shorn of his \$70 a week allowance and asked to leave the family home after he married a television actress, Frances Chisholm, 21. Papa said the boy could return "when you behave."

The youth said yesterday he has quit his job at a sheet metal plant preparatory to entering the service.

Lots Of Smelt

BEULAH — (P)—Two Benzonia couples claimed a record today for smelt caught in ice fishing at the west end of Crystal Lake. The Lloyd Shebrides and Elvina Johnsons reported they caught 763 of the silvery fish in one night's operations. Their fish shanty is one of 500 on the lake.

Daffodil Wedding

LONDON — (P)—Beauteous, black-haired movie actress Elizabeth Taylor and British actor Michael Wilding were quickly married today in a registry office full of daffodils sent by the bride's studio. The civil ceremony in London's Caxton Hall took 10 minutes.

LARGE FAMILY

BEAUMONT, Alta. — (P)—David Magnan, who died here at the age of 90, left six children, 35 grandchildren and 45 great-grandchildren. He was born at St. Nicholas, Que.

HAIRY AND HAIRLESS

The hairiest peoples are the Australians and the Tasmanians, and the least hairy are the yellow races, according to the Encyclopedia Britannica.

THOSE IN UNIFORM

CAMP DRUM, N. Y.—Pfc. Jack K. Peterson, son of Mr. and Mrs. I. R. Peterson, 203 S. 14th St., Escanaba, is preparing to return to Fort Campbell, Ky., after several weeks of extensive training in cold weather warfare during Exercise Snow Fall in northern New York State.

He is a member of the 11th Airborne Division, the largest unit to participate in the Army-Air Force winter maneuver.

In the exercise involving more than 33,000 soldiers and airmen, an aggressor force invading the United States from the St. Lawrence valley was completely repulsed.

Peterson, a clerk in Company G, entered the Army Jan. 10, 1951 and completed parachute training April 20, 1951 at Fort Benning, Ga.

He attended Escanaba Senior High School and Western Michigan College.

WITH THE 1ST CAVALRY DIV. IN JAPAN—Pfc. Norman A. Burton, Germask, Mich., a member of the 1st Cavalry Division, is helping set up defensive positions on Hokkaido, Japan's northernmost island.

His division was added to the security force in Japan recently following 17 months of front-line service in Korea.

On Hokkaido, only three and one-half miles from Russian territory, the cavalymen are learning techniques of Arctic survival and how to fight on skis and snowshoes.

Burton, an assistant squad leader in Company F of the 7th Cavalry Regiment, has been in Korea since Aug. 29, 1951. He wears the Combat Infantryman Badge and the Korean Service Ribbon with one campaign star.

Mrs. Benjamin F. Willis of Gladstone has received word that her son Benjamin F. Willis, has been promoted to the rank of corporal. Cpl. Willis is stationed at Gieger Field in Spokane, Wash., with the 87th Air Squadron. He is a radar operator.

Rapid River

Legion Auxiliary

Rapid River—The American Legion Ladies Auxiliary to the Walter Cole Post held their regular meeting at the home of Mr. and Mrs. Dallas Kniskern. Mrs. Millet Young received first prize in games and Mrs. Hilda Larson, Jr., Mrs. Abby LaBumbard received the guest prize. Miss Mildred Kniskern was the hostess.

Is Promoted

Cpl. Horace LaBumbard has been promoted to the rank of Sergeant. Sgt. LaBumbard has been transferred to the Miami Air Force Base, Miami, Fla., from Grenier Air Force Base, Manchester, N. H.

Mr. and Mrs. Dallas Kniskern and daughter Mildred, Mrs. Bessie Winde and Mrs. Ida St. Louis motored to Ishpeming Sunday and spent the day with Mr. and Mrs. Vern Kniskern.

Season On Snowshoe

Hare Ends March 1

LANSING—P—With the close of the Upper Peninsula snowshoe hare season March 1, only non-protected animals and birds will be legal game in Michigan, the state conservation department advised hunters.

Legal targets will include the owl, crow, hawk, starling, bronze grackle, rusty blackbird, English sparrow, coyote, wolf, lynx, bobcat, fox, opossum, porcupine, weasel and red and ground squirrel.

Salt water bathers often have to retreat from the water because of the stinging nettle, a species of jellyfish, which shoots microscopic stingers into bathers.

Trombly 143, Eleanor Lucie 142, Dolly Larson 141.

Logging From State Forests Sets Record

LANSING—P—A record 57,979,000 board feet of pulpwood and timber was logged from state forests last year, the state conservation department reported.

This compared with the 1950 harvest total of 43,500,000 board feet. Cutting receipts from state forests, a most exclusively reverted lands, totalled a new high of \$257,656 compared to \$179,327 last year. About 85 per cent of the money will go back into the reforestation program and the remainder will go into the game protection and general funds.

The department said that Michigan forests are now reaching the stage where the annual volume of timber cutting will continue upwards.

Most of the logging was from Upper Peninsula forests, mainly the Sturgeon river and Munuscong, but there were also small cuttings in each of the 22 state forests. Aspen and jack pine pulpwood provided the biggest harvest.

The Philippine Island's most famous volcano is Mt. Mayon in Southeastern Luzon. It has erupted more than 30 times since 1800.

Little Clinic Scores Victory Over Cancer

STITCH IN TIME — The Kingston X-ray therapy laboratory.

By HOWARD W. BLAKESLEE
Associated Press Science Editor
KINGSTON, N. Y.—One reason so many die of cancer is that so many have no place for treatment. This fact is one of the first lessons from the new Ulster County Tumor Clinic, established here two years ago, in a small, new building equipped for cancer.

This is the first small community in the United States to set up its own complete cancer service. Kingston is within three hours travel of the great New York city cancer clinics. Presumably anyone that close can get whatever is needed for cancer.

But in the first 22 months of the Ulster clinic, the number of cancer cases in the county increased 44 per cent. That did not mean a real increase. It meant simply that many persons, who feared they had cancer, could not or would not go to New York because it was too far or too expensive.

In the 22 months 849 persons visited the clinic. Only six per cent were from outside of the county. Of the total 327 had cancer. Included were 20 child visitors and two of them had cancer.

In the clinic's second year, the number of visitors who feared cancer nearly doubled over the first year's rate. What benefit did the cancer patients get?

"I firmly believe," says the director, Dr. Milton M. Grover, Jr., who trained in New York's Memorial Hospital cancer center, "that by far the greater majority of the cancer cases have been helped either in relief or alleviation of symptoms, or improvement in general well being. It is impossible to determine how many lives have been saved. Five years is the minimal survival period for a cancer case to be considered arrested. However, I am certain that many lives have been prolonged."

Two-thirds of those who had no cancer had other troubles which were treated with the clinic's x-rays.

The clinic cost \$750,000. Of this \$300,000 was contributed by Ulster taxpayers. The rest was from the federal Hill-Burton Act for hospital aid. The upkeep comes from gifts and fees.

When this clinic was built the county authorities had the choice between the clinic and a new county building which was badly needed.

The personnel of the clinic are the radiologist-director, a surgeon nearly doubled over the first year's rate. What benefit did the cancer patients get?

"I firmly believe," says the director, Dr. Milton M. Grover, Jr., who trained in New York's Memorial Hospital cancer center, "that by far the greater majority of the cancer cases have been helped either in relief or alleviation of symptoms, or improvement in general well being. It is impossible to determine how many lives have been saved. Five years is the minimal survival period for a cancer case to be considered arrested. However, I am certain that many lives have been prolonged."

Engadine

Church Services
ENGADINE—Engadine Missions services Feb. 24 are: Engadine, 8 a. m., Gould City, 9:30, Naubinway, 11.

Sunday School will be held at the Methodist Church at 10 and a worship service at 2 p. m.

Personals
Sgt. Arthur William Edwards, who arrived from Germany three weeks ago to spend 14 days at the home of his parents, Mr. and Mrs. Pat Edwards, left Friday for Ft. Sill, Okla.

Mr. and Mrs. Howard Johnson left Saturday for Excelsior Springs, Mo., where Mr. Johnson will receive medical treatment.

Mrs. Louis Proton is spending two weeks with relatives in Detroit and with her son-in-law and daughter, Mr. and Mrs. Jack Hillman at Marlette.

Mr. and Mrs. Charles Ayotte of Manistique spent Sunday at the home of her father, Alex St. Dennis. Mr. St. Dennis, who is 90, has been confined to his bed the past three days with a cold.

Mr. and Mrs. Harold Boucha and daughter Kathy of Manistique spent Sunday at the home of his parents, Mr. and Mrs. Howard Boucha.

Mrs. James Ward of Newberry visited Tuesday with her sister, Mrs. Ray Butler, enroute from Milwaukee where she spent the winter with Mr. and Mrs. William Earle.

Pine Ridge

PINE RIDGE — William Winling has returned to Fort Wayne, Ind., after spending the weekend with his parents, Mr. and Mrs. Leonard Winling.

Raleigh Darrett of Akron, O., spent the weekend at the home of Mr. and Mrs. Leonard Winling.

Mr. and Mrs. Robert Loeffler and Joann and Robert J. of Sault Ste. Marie were guests at the Leonard Winling home Sunday.

4-H Club Meeting
The 4-H Girls Sewing and Knitting Club met at the home of Carol Sendenquist Monday evening. Assembly singing followed the work period and lunch was served by Mrs. Charles Sendenquist.

cal consultant from New York who spends one day a week at the clinic, and three registered nurses. And a number of Kingston physicians who take part. The hospitals here take cancer cases as the physicians and patients wish. And New York is available for those who desire and have the money or other means of going there.

HERE'S HOW — Little Roger Hearn of Houston, Tex., who only recently learned it himself, demonstrates his technique with the bottle to four of a family of seven puppies. A veterinarian prescribed the bottle for the pooches when their overworked mom was unable to feed them all.

Grand Marais

Enters Service

GRAND MARAIS — George Nettleton of Grand Marais left Tuesday for Milwaukee, where he was inducted into the U. S. Army. For the past year he has been an employee of the Grand Marais Shopping Center. Previously, he made the freight run between Seney and Grand Marais for Wood and Touzel.

Briefs

Mr. and Mrs. Ora Endress motored to Marquette Monday. Mrs. Endress received medical attention.

Bruce Miller spent the weekend in Sault Ste. Marie.

Mr. and Mrs. Paul Mohr are the parents of a daughter, Jacklyn Ann, who was born Feb. 16 in Detroit. Mrs. Mohr is the former Dorothy Dowell.

Mr. and Mrs. Leslie Overland and daughters of Fort Meade, S. D., are visiting here with Mr. and Mrs. Douglas Savage.

Mr. and Mrs. Norman Nelson of Gould City and Mrs. Jennie Nelson of Seney were Sunday visitors at the home of Sam Viette.

Paul Antalik of the U. S. C. G. has spent a 25 day leave with his parents in Marblehead, Ohio.

Ray Olson of the U.S.C.G. is on a twenty day off-duty status due to an injured ankle.

Dick Miller, who is stationed here with the Coast Guard, will leave Thursday to spend a 25 day leave with his parents in Bremer-

Purple Heart Sent Back To President By Memphis Mother

MEMPHIS, Tenn. —(AP)—A Memphis mother has mailed to President Truman the Purple Heart medal and scroll she received after the death of her soldier son in Korea.

Mrs. Donna Cooper, whose 21-year-old son, Paul, was killed last Oct. 1 in what she called "needless slaughter," said she wrote the President:

"I am returning it to you with this thought—to me it is a symbol of the 109,000 men who have been sacrificed in needless slaughter, a so-called 'police action' that has not and could never be satisfactorily explained to patriotic Americans who love their country and the ideals it stands for. x x x

"If there had been a need for armed conflict to preserve the American way of life, I could have given him proudly and would have treasured the medals. However, since there was nothing superficial in his whole life, I cannot mar his memory by keeping a medal and stereotyped words that hold no meaning and fail to promise a better tomorrow for the ones that he died for."

The last sanctuary of the hearth, now extinct, was on Martha's Vineyard.

New, Improved JOY! Now Milder to Hands than Ever Before! Yet... DISHES GO FROM GREASE TO SHINE IN HALF THE TIME WITH JOY

New, extra mild JOY—with exclusive ingredient —gives more dishwashing, grease-cutting power than any soap powders or flakes known!

Read how JOY gets you away from the sink quicker!

Measure for measure, no powders —no flakes—nothing we know of—washes so many dishes so fast, so clean, yet so easily as this miracle concentrated liquid—JOY.

JOY—with its exclusive ingredient —concentrates more dishwashing, grease-cutting power than any leading dishwashing product. Sticky food particles disappear like magic. Even

grease dissolves before your eyes.

With JOY, dishes go from grease to shine in half the time—without wiping. Greasy pots and pans rinse clean—without hard scouring. Yet JOY is unbelievably kind to hands.

Most amazing, the compact JOY bottle goes as far as almost TWO big boxes of soap powder in hardest water. Get JOY today

NEW, IMPROVED JOY NOW KINDER TO HANDS THAN EVER BEFORE

Ontonagon Residents Learn About Plans For White Pine

ONTONAGON—Residents of this village were told Sunday that:

The White Pine mine copper project will represent a total investment of \$100 million; more than one mine could be developed there; planning and design work for the model mining community will take six months and that major construction will begin after the plans are made; that some construction work will be started as soon as the snow is off the ground; and that the White Pine Mining Co. and its parent organization, the Copper Range Mining Co., are interested in mining and not in building a town or supplying competitive business and service facilities for the residents of the town.

Committee Reports

The more than 700 people who crowded into the Ontonagon Memorial building (the village population is 2,290), heard a report from the 17-member committee that met in Chicago Sunday with officials of the mining company, the engineers in charge of construction of the town and mine, and Congressman John B. Bennett of Ontonagon.

These 17 people had gone to Chicago at their own expense to find out what Ontonagon could do to help the mining company in its planning and in integrating the new community into the area.

At the same time the group wanted to find out how Ontonagon could benefit the most from this development in harmony with the project planned there.

Talk With Officials

Lawrence P. Walsh, attorney and spokesman for the group, said that 17 questions had been asked of C. N. Hernandez, of the Turner Construction company, the firm that has the general construction contract for White Pine, his assistant, and the assistant to the president of Copper Range.

Those who went to Chicago were: F. M. Weis, Chamber of Commerce president; Mr. Walsh, commissioner of the Michigan department of economic development; F. Loren Rogers and D. E. Crocker of the Chamber of Commerce; Victor F. Keefer, superintendent of the Ontonagon township schools; L. E. Chabot and W. H. Leiser, representing the banks; Forrest Wilson, automobile dealer; D. L. Munro and Clyde Penegor, representing the village government; Carl Myhren and Elmer Rautio, Carp Lake township and Carp Lake schools; L. W. Reynolds, Ontonagon County Telephone Co.; and August Ruuttila and Carl O. Bay.

Help Is Offered

The company promised help in planning for needs. It was pointed out that the company would use a new process to develop a new kind of ore in a new area and that many problems were to be met by the company, perhaps more than one mine might eventually be operated.

The committee was informed that the government had accepted the proposals made by the Copper Range company and that it was expected the final papers for the government loan would be signed this week. When final papers are signed the company will begin work on plans and will begin to purchase supplies.

162 Engineers Needed

There will be 162 engineers at work on plans and drawings within two weeks, company officials said in Chicago. The mine is to be in production two years and eight months from the time the construction begins. The previous deadline was three years.

There will be from 800 to 1,200 people employed at White Pine and from 200 to 400 are expected to commute from Ontonagon, Bergland, Rockland, and other communities.

The town will have a shopping center but this will not be in competition with other nearby business areas if normal and needed goods and services are available nearby. While space is to be provided for churches the company does not plan to build churches.

Plans Indefinite

The extent of and facilities to be offered by the shopping center is "wide open", depending entirely on whether the need for such wants is filled in other available business areas.

The town will have a population of about 2,500. If Ontonagon can furnish hospital facilities the company will not build a 20-bed hospital but will have only emergency facilities.

The company expects to build 200 housing units each in 1952, 1953 and 1954. Three large dormitories will be built for single workers and will later be converted to one-room apartments. The company has plans eventually for seven dormitories.

A trailer camp to accommodate 240 units will be furnished for transient workers on the construction project.

Answer—The boiler plant is designed for coal and could be converted to natural gas if the natural gas line from Canada comes around the south shore of Lake Superior. The \$13 million power plant will be at White Pine and will have five times the capacity of the power plant at Victoria, near Rockland.

Could Be Changed

It is still possible that the power plant might have to be put outside of White Pine to insure adequate water supplies. To install the plant at the mouth of the Ontonagon river it would be necessary to go down 185 feet to a firm foundation at a cost of \$2 million.

There will be a need for facilities for 600 grade and high school students. The problem is not being considered beyond that at present and will have to be solved.

The dormitories will house 1,253 single men. Facilities for 400 more will be needed. Housing will be the No. 1 job for Ontonagon. Perhaps people will want to buy homes in Ontonagon.

The company will try to hire all the unemployed persons from the Ontonagon area and the entire Upper Peninsula that it can. The company will work closely with the state employment service. Every effort will be made to use Upper Peninsula contractors in the work.

Couldn't Sleep Couldn't Eat

Maybe you aren't very sick and yet you don't feel really well. Perhaps you suffer from headaches, indigestion, nervousness, gas and bloating, loss of sleep or lack of appetite. Frequently these symptoms are caused by constipation. When that's the case be smart and like Mr. Peter Bothen of Chicago, Illinois, take

Dr. Peter's KURIKO

Mr. Bothen states: "I suffered very badly from functional constipation and my bowel movements were not very regular. Since taking Kuriko when needed I feel much better. My appetite is improved and I can sleep at night. Gently and smoothly this time-proven laxative and stomachic-tonic medicine puts sluggish bowels to work and aids them to eliminate clogging waste matter; helps expel constipation's gas, gives the stomach that comforting feeling of warmth. Kuriko's amazing effectiveness is due to a scientific formula which combines 18 (not just one or two) of nature's medicinal herbs, roots and botanicals—a secret formula perfected over a period of 80 years. Yes, for prompt, pleasant, proven relief from constipation's misery—get Dr. Peter's KURIKO today."

Dance Students Give Program At Newcomers' Meeting

Dance students from the Edith Lawrie School of Dance entertained members of the Welcome Wagon Newcomers' Club at their regular monthly meeting at the Delta Hotel Tuesday evening. Hostesses were Mrs. Fred Bond and Mrs. Ralph Sogaard.

On the program were Sandy Williams, Sharon Greis, Estelle Furo and Judy Marcouiller.

Mrs. Bruno Nardi, president of the club led the business session. Dessert was served by the hostesses and cards filled the balance of the evening.

Newcomers introduced were Mesdames William Berfield, Jack Kragdahl, John West, Willard St. Onge, Richard Seibert, Edward Waeghe and Arthist Gravel.

Eastern Star Past Matrons' Banquet Tuesday

R. C. Hatheway Chapter 49, Order of the Eastern Star, will honor its past matrons and past patrons at a banquet Tuesday, Feb. 26, at 6:30 at the Masonic Temple.

All members of the Chapter and visiting Eastern Stars are invited to attend. A program will follow the banquet.

Reservations, which must be in by Saturday, are in charge of Mrs. John Engebretsen.

Film On China At Calvary Church

The Rev. Floyd Ankerberg, Youth for Christ evangelist, will show colored movies of China at the Calvary Baptist Church, 301 N. 15th St. at 7:30 tonight. The film, produced at a cost of \$8,000, was one of the last to be taken before the Communist moved into China. Rev. Ankerberg will tell the story of the resurrected Germany and its youth problems Friday night, and the story of the internal struggle between Communism and the Church in Italy Saturday night.

Bunny Stories At Library Saturday

Bunnies will be the subject of stories which Mrs. Kenneth G. Jensen, children's librarian, will tell at the regular children's story hour Saturday at 10 a. m. at Carnegie Public Library. They will be "The Baby Bunny", the story of a little rabbit who never did anything very important — until one day! and "The Hungry Little Bunny and What He Found Out."

Attendance last week was 38.

Conference On Evangelism At Bethany Tuesday

Bethany Lutheran Church of Escanaba will serve as host for the conference on evangelism to be held Tuesday, Feb. 26. The theme will be "Share Christ Today." The gathering is planned as an echo of the Lutheran Evangelism Conference held in Minneapolis in January.

Participating will be churches of the Green Bay district of Augustana Lutheran Church, and local Lutheran Free Churches, Immanuel of Escanaba and Trinity of Stonington.

The conference will open with a meeting of pastors in the parsonage chapel at 2 p. m. A general session will be held in the church at 3 p. m. conducted by the Rev. Verner Granquist of Iron Mountain, director of parish evangelism for the Superior Conference. His presentation will be based on the Book of Philemon.

A fellowship supper will be served in the church parlors at 6 p. m. During the supper hour demonstrations of evangelism methods and materials will be given.

The concluding session will be an evangelistic service in the church at 8 p. m. The Rev. Lavern Anderson of Chicago will be the speaker and his topic will be "Claim Christ Today; Share Christ Today." Choirs from all participating churches will be present to assist with the music.

The public is invited to the conference sessions and a special invitation is extended for the evangelistic service at 8.

Happiness Lies Within You

By ALICIA HART
NEA Beauty Editor

It may seem difficult, as you go about your daily routine tasks, to keep your life from becoming humdrum. After all, nothing new ever seems to happen to you.

But have you ever thought of the things that happen around you that are new and exciting?

The changing seasons of the year, the birth of a child in your neighborhood or in your family, the success of someone formerly obscure, a new piece of music or work of art. All these things touch your life in some way.

Then, there's always the excitement of watching your own children develop and mature. The activities of the young can hardly be classified as routine.

Perhaps your life is losing some of its interest because you are taking yourself for granted.

You may have forgotten how wonderful a new hat or hair style can make you feel.

When was the last time you and your husband had a night out together? Do you show a real interest in your husband's work?

Try to read a book a week, and keep up with your daily newspapers. If your little girl is a member of the Girl Scouts, why don't you spend some of your time with her at the meetings?

Excitement isn't always something tangible. Many people who spend their whole lives on the move, supposedly doing all sorts of stimulating things, are often unhappy and bored.

What really counts is an inner-enthusiasm for and towards life. And that is something you can only gain from within yourself.

New way to cook shrimp: Shell shrimp, remove black vein, and cut in two lengthwise. Heat a little butter or margarine in a skillet with a crushed clove of garlic, add shrimp and cook and stir until they are cooked through. Serve the shrimp with baked potatoes and a tossed green salad for a delicious supper.

AUXILIARY OFFICERS—Mrs. Michael Farrell, 920 Sheridan Road, left, who recently was elected president of the Auxiliary to the Wisconsin Retail Lumberman's Association, is pictured with other officers of the group at a meeting in Milwaukee. Mrs. Farrell was advanced from the office of vice president of the Auxiliary which has over 500 Wisconsin and Upper Michigan members. Photo Courtesy Milwaukee Sentinel)

Personals

Mrs. Louis Nelson, Mrs. William Lindberg and Mrs. Peter Bichler left Wednesday for Milwaukee where Mrs. Nelson will attend a business conference.

Mrs. Henry H. Hargreaves, 809 3rd Ave., S., has left for a month's winter vacation visit with friends in St. Petersburg and Tampa, Fla.

Mrs. Ernest Carlson, 609 1st Ave. S., who has been visiting in Hazel Park, Mich., with her daughter and son-in-law, Mr. and Mrs. Al Okopny, has been taken to the University hospital in Ann Arbor, where she is a medical patient.

Warren Miller, president of the American Playground Device Company, who has been transacting business in Escanaba and Nahma, left this morning to return to Anderson, Ind.

Bob St. Martin, son of Mrs. Elmer St. Martin, 509 S. 9th, returned last night from Chicago, where he spent a few days.

Sgt. Gordon LeClair, son of Mr. and Mrs. Arthur LeClair, 227 N. 9th St., has left for Camp Carson, Colo., where he is stationed with the U. S. Army. For the past twenty days, he has been visiting at the home of his parents, Mr. and Mrs. Charles Loritz, Bark River Route 2. He also visited with Mr. and Mrs. Robert Wellman and Mr. and Mrs. Milton Erickson of Escanaba.

Mr. and Mrs. Leonard Snell have returned to their home in Milwaukee, after visiting at the home of Mrs. Snell's parents, Mr. and Mrs. John McGovern, 520 N. 20th St.

Rev. and Mrs. S. Joseph Dickson and children, 515 Third Ave. S., have returned from Ontonagon, where they spent a few days visiting at the home of Mr. and Mrs. Larry Reynolds Jr.

Leaving this weekend to attend the wedding of Miss Eleanor Knoll and Dr. Timothy McDonnell at Ironwood are Mr. and Mrs. Ray H. Ebbel, Mr. and Mrs. Willard Pelloquin, Rudy Wednoja, John Romstad, Miss Mary Ann Houle, William Dufour and Miss Jane Alexander. Miss Alexander will be a bridesmaid.

Mr. and Mrs. Charles Loritz, Bark River Route 2. He also visited with Mr. and Mrs. Robert Wellman and Mr. and Mrs. Milton Erickson of Escanaba.

Ike's Campaign Needs Ike Here

By ROBERT C. RUARK
NEW YORK — General Eisenhower is a fine man, to be sure, full of charm and high dedication, but the folks I talk to lately want him on the full record as a candidate, and they want him now, before he is nibbled to death by dotting amateurs and well-meant meddlers.

The consensus on Ike is that he can beat anyone to face—if he gets the nomination. That is followed swiftly by the tag . . . "but if he doesn't come home pretty soon and tell the people what he's for and against I don't think he can rate the Republican nomination."

The big television demonstration for Eisenhower of recent weeks was met by mingled moans from a lot of Eisenhower admirers. This was the big love feast of actors and notables that was skipped by Tex McCrary. Songs were sung and a lot of glittery notables got up and declared out loud for Eisenhower.

"I'm interested in what Ike stands for," one cynical gentleman remarked. "But, oh God, do I have to have Humphrey Bogart or Jackie Cooper to tell me what he stands for?"

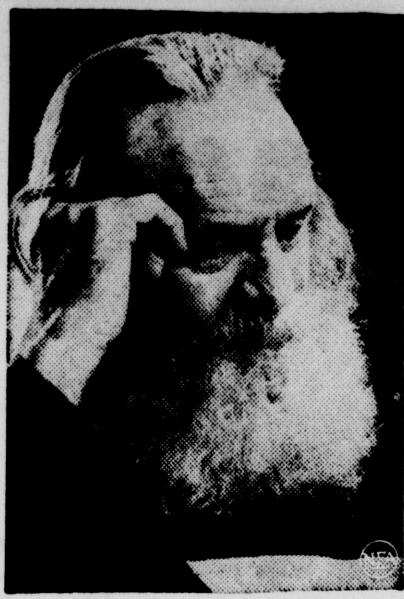

Danger In Ike's Position
Apart from signifying that he was willing to run if wanted, Eisenhower has dropped the future political hassle from his obvious schedule, and continues to labor full time at his NATO chores abroad. This is deemed admirable, like motherhood, but is viewed as slightly separate from a campaign for the nation's No. 1 job. Ike has already been a soldier; to date he has given the country no glimpse of Eisenhower the embryo president.

The longer Gen. Eisenhower clings loyally to his military tasks, the greater opportunity is created for the publicity seekers and political lather-on to festoon themselves from the Eisenhower coat-tail here in America. Such attachment can remove him from serious consideration if it goes on long enough.

One may admire actors and saloonkeepers and some writers without buying their hearty endorsements of political presidents. All the cute songs and personal appearances and snake dances go fine at football rallies and picture premieres, but leave something to be desired in a political buildup.

You must assume that Ike wants to be president. This constitutes a large desire, surrounded by spadework. It is not a job that you just accept if somebody flings it at you and nobody else wants it. It is a kind of job that demands a dossier of qualification and a full statement of intent. About all we have from Ike today is a reflection of personality and an assumption of competence as a soldier-organizer. You need a little more, for a full run for the money.

Ike, People's Choice
I do not believe that an extra month or so, now, means a great deal of difference in Eisenhower's organizational job in Europe. I

POLITICKING — All set to enter the New Hampshire primary as a candidate for President is 60-year-old Albert S. Falk, of Wheaton, Minn. He plugs "America's Greatest Plan for World Peace" which, he says, means \$60 to \$100 a month for everyone over 21 in addition to their regular wages. He would finance the scheme by a 2 per cent federal tax on all business transactions.

can't believe that he isn't free to shelve it when he feels it's running pretty well. He is, after all, retired honorably from the Army. He is a declared presidential candidate. And he cannot speak as a candidate so long as he wears a uniform on temporary duty.

The immediate answer is pretty simple, then. He either stops being a candidate, or he stops being a soldier, since he obviously cannot be both simultaneously. And he must give up one or the other, pretty soon, or he is apt to be neither.

It's my opinion that the people are eager to vote for Ike, if Ike will give them half a look at his thoughts on taxes, labor, foreign policy, domestic economy and a few other items of mass interest. But the longer he puts off his declaration of purpose, the less favorable will be his assessment by the people as a whole. It's like the man said: "We are not electing Jackie Cooper or Irving Berlin or

Tex or Jinx or even Ike's pal, George Allen. I like Ike, but I would like him over here."

"The general has announced himself as a candidate on the Republican side of the fence, which argues a certain stanchness of principle. I sure do hope he comes home and organizes his following and delineates his feelings, before the tap dancers and press agents take over to make him ridiculous by unbidden association."

"I Like Ike" is a nice slogan, but awful easy to change to "no like" if the eager bandwagoners cute up Mamie's old man too much.

Closely woven material is better for slip covers because it gives greater protection against dust, holds its shape better, wears longer and tailors more easily.

Chatham

Officers Elected
CHATHAM — At the annual membership meeting of the Chatham-Eben Co-op Federal Credit Union, which was held recently, the following officers were elected.

Remaining on the board of directors as elected for the previous year are Clifford Johnson, president; Larry Barber, vice-president; and Arthur Sevajanen, clerk. New members are Many Luoma, treasurer and Gunnar Benson, board member.

Neil Ylitalo and George Levis were re-elected to the offices of the credit committee. The only new member is Tauno Laakso.

On the supervisory committee, Walter Erickson was re-elected, and Mrs. Mildred Kallio and Ed-

ward Luoma were elected to fill vacancies.

Sunday Church Services
Worship service at the Finnish Evangelical Church in Eben will be held Sunday afternoon at 2. The confirmation class will meet after the worship service.

Briefs
Larry Barber is a medical patient in St. Luke's Hospital in Marquette.

Rock River teachers attended the Luce-Alger M.E.A. meeting held in Newberry Thursday.

EARTHQUAKE ENUMERATORS

About 50 major earthquakes occur annually on an average. A large proportion of these are under the ocean and we would never know about them were it not for the seismographs.

RECORD CATCHER
Luke Sewell is the only major league baseball player to catch three no-hit no-run games. The three pitchers were Wes Ferrell in 1931, Vernon Kennedy in 1936 and Bill Dietrich in 1937.

CUSTOMERS'
CORNER

George Washington
said it first

This week, the celebration of Washington's birthday brings to mind the story about the famous cherry tree. Whether he said, "I cannot tell a lie" . . . we don't know, but the father of our country did say, "honesty is always the best policy." The founding father of A&P—George Huntington Hartford—had the same idea when he said, "Always do what is honest, fair and sincere and in the best interest of our Customers."

That's the spirit that has always guided the folks of A&P. It always will!

TANKER SPLITS IN STORM — The stern section of the tanker Peardleton rolls in the surf off Monomoy Island, Chatham, Mass. It was abandoned by 32 crewmen after the ship split in two in a raging northeast gale. A rope ladder on which the men escaped to a Coast Guard rescue craft can be seen in the stern of the ship. (NEA Telephoto)

Internal Revenue Boys Do Some Soul-Searching

By CHARLES F. BARRETT
WASHINGTON—(AP)—The Internal Revenue Bureau is doing a bit of soul searching on just how much information it should give the public.

The question would have lots of tough, complex angles at any time. Now it's doubly troublesome in the spotlight of recurring tax case scandals.

On one side is the taxpayer's basic right to know what's going on in his government; on the other side is the need to guard much of the confidential information a man or a business firm discloses in tax returns; the desire to protect those who make honest mistakes—or those involved in cases where right or wrong is a very close, debatable question.

May Lift Curtain

Answers to some of the questions under study may lift at least partially, what some newspapers and officials have called an "iron curtain" of secrecy surrounding the tax service.

Here are some of the issues under study:

First, it's against the law for revenue officials or employees to disclose amounts or sources of income as revealed in tax returns. There's little disagreement with this basic law.

However, this law has been extended in actual practice to ban release of any information whatsoever on almost all tax delinquency cases and their disposition, except for the few cases that come up in court.

It is argued in some circles that at least some of the most aggravated tax delinquency cases—now settled in secrecy out of court—should be made public.

Scandals Involve Fraud

Many of the current scandals involve charges of collusion or fraud in these secret settlements.

The possibility of publicity itself, so the argument goes, is likely to deter would be wrongdoers in or out of the government.

On the other hand there's the chance that publicity could be grossly unjust to a citizen who only made an honest mistake on his tax return, or where revenue agents were in evaluating a debatable case.

The office of price stabilization announces all its cases of alleged price ceiling violations when they are turned over to the justice department for possible court action. Some say the revenue bureau

could do the same.

But beyond the scope of the secrecy provision of the law some revenue officials concede privately that the tax service policy may have blacked out much information which could be released.

The bureau announced last November, for example, it would issue a monthly report on its activities as part of a program to keep the public better informed.

Reports Misunderstood

The report dealt only in total figures, not specific cases. Release of that first report brought a flurry of publicity on such things as total uncollected tax delinquencies, the number and disposition of tax fraud cases, and the number of revenue employees fired.

Since then the monthly reports have been withheld. Officials said the first report, because of its technical nature, was misunderstood by the public and the bureau was unduly placed in a bad light. But now the idea of releasing such a report is being studied anew.

Still another major question under discussion is how much information should be released about disciplinary action against revenue employees.

In many cases, notably when 30 employees were fired in one swoop last November, the bureau announced dismissal of workers charged with dishonesty or improper deals with taxpayers. It gave a general description of the charges, but no details.

Since November, however, the bureau has made no announcements of disciplinary action. Several announcements of disciplinary action have come from officials in local tax offices involved, but not from the bureau here.

This might tend to keep down national publicity and national totals on the firings.

Officials are now studying all these matters—how much information should be released, by whom and at what stage—to try to fix a definite policy that will protect revenue employees from undue suspicion, but give the public all the information it's entitled to.

Bark River

BARK RIVER—Mrs. August Erickson returned to her home in St. Paul Thursday after visiting with her daughter and family, the Loyd Bruces, the past two weeks.

Mr. and Mrs. Stanley Peterson, Mr. and Mrs. Peterson returned Sunday from Chicago where they attended the funeral services for George Doolittle, held Saturday.

Mrs. Doolittle is the former Carol Peterson.

Miss Lottie Frechette returned Friday evening from a two weeks' visit with relatives in Milwaukee.

Mr. and Mrs. Russell Simmons returned Saturday evening from Minneapolis where they attended the 50th anniversary meeting of Texaco Oil Co. representatives.

Al Johnson returned Sunday night from Rockford, and Rock Island, Ill. He attended a meeting at Rockford and spent the week-end with his son, LeRoy who is a student at Augustana College in Rock Island.

Mr. and Mrs. Ronald Motto of Madison, Wis., spent the week-end at their parental home.

Put a water-soaked sponge at the base of your house plant to keep it moist while you are away from the house for a few days.

More Comfort Wearing FALSE TEETH

Here is a pleasant way to overcome loose plate discomfort. FASTEREETH, an improved powder, sprinkled on upper and lower plates holds them firmer so that they feel more comfortable. No gummy, gooey, pasty taste or feeling. It's alkaline (non-acid). Does not sour. Gives "false" (denture) breath. Get FASTEREETH today at any drug store.

NOTICE

Residents and Property Owners Ford River Township

The township has an agreement with the City of Escanaba whereby it guarantees the cost of fire calls to residents or property owners of the township. This guarantee is only to assure fire department service, it does not mean that the township will stand the cost of the service. Any resident or property owner calling the Escanaba fire department MUST REMIND THE TOWNSHIP FOR THE CHARGE MADE FOR THE CALL. Unless these charges are paid to the township, the service must necessarily be discontinued. If you now owe for past calls, pay these charges promptly to the township treasurer in order that the service may be continued.

Teachers Meet Here Yesterday

"Current Problems of Education" was the theme for the Schoolcraft County Teachers' Institute held in Manistique high school on Wednesday. The conference was divided into three major meetings: section meeting in the morning, a luncheon meeting, and a general meeting in the afternoon.

Speaking on the subject, "Signposts of Child Behavior", at the luncheon meeting in the Presbyterian Church parlors, Howard Lamb, psychiatric social worker, Upper Peninsula Children's Center, Marquette, outlined three needs for a child's basic security. These are: food, oxygen, love.

In tracing the changes that take place in child behavior throughout the periods of latency, puberty, and adolescence, Lamb emphasized the importance of teacher and parental help in enabling the child to step out from this basic security.

He said parents are guilty of attempting to make children grow up too fast because of the pressures that a civilized cultural pattern imposes. As an illustration of this point Lamb referred to the fact that among 100,000 people in Okinawa there are 50 psychotics; in Japan, 250; and in the U. S. 500.

The afternoon meeting consisted of a panel discussion on educational legislation, public relations, retirement, and future teachers' clubs. Participants in the panel were Dr. Clara Chiara, consultant from Western Michigan College of Education; C. P. Titus, Michigan Education Association field worker; Dr. Alice Davis, consultant from Michigan State College; Elmer Lightfoot and George Gilbert, from the State Department of Public Instruction, and Stanley Carlson, local high school teacher.

Music for the morning and afternoon sessions was provided by the high school band, the mixed octet, and the mixed choir. The Rev. A. Barton Brown, pastor of the First Baptist Church, gave the invocation. Arrangements for the conference were made by Mrs. Ada Watson, county superintendent of schools.

Church Mission To Be Discussed

Four speakers will discuss the subject, "The Mission of the Church," at the annual laymen's service Sunday morning at the First Methodist church, it is announced by the Rev. Edgar M. Smith, pastor.

Speakers and their specific topics are: Robert Marks, "Renewal of Faith;" John Tremain, "Meeting Community Needs;" William Mueller, "Wider Horizons;" Lester Richards, "Dynamic For the Task."

Others taking part in the service follow:

Call to worship, H. Keith Bundy; responsive reading, George Marks; Scripture lesson, Frank Pavlot; prayer, concluding with Lord's Prayer, John I. Bellaire; offertory and prayer of dedication, Bill Norden, Dick Lake and Lee Hewitt, ushers; benediction, Stanford Grimes.

All members of the congregation are invited to attend the service.

Briefly Told

Social Meeting—The regular monthly social meeting of the junior young folks of the Bethel Baptist Church will be held Friday at 7:30 p. m. in the church.

Catches Big Pike—Henry DeSautel, 700 W. Elk St., caught a 16 pound one ounce northern pike Tuesday in Jamestown Slough. The fish's weight was recorded on scales at the Norton grocery.

Zion Choir—There will be a special rehearsal of the choir of Zion Lutheran Church in the church Saturday evening at 7 o'clock sharp. All members are urged to attend.

W.S.C.S. Tea—The Women's Society of Christian Service of the First Methodist Church will hold a tea in the church parlors Saturday afternoon at 2:30. An interesting program is planned.

Recite Rosary—Members of the Knights of Columbus Lodge are asked to meet at the Messier-Broulier funeral home tonight at 8 o'clock to recite the rosary for John Spielmecher.

Adult Classes—Adult classes in bridge and art at Manistique high school will not meet tonight, it is announced by A. F. Hall, superintendent. To make up for the missed classes this week, the courses will be extended an extra week.

Committee Meets—First meeting of the troop committee of Boy Scout Troop 462 was held Tuesday evening at the Elks Temple. Plans were outlined for various troop fund-raising activities. The Scout troop also held its first session in the Elks building Tuesday night under the direction of Robert Hentschel, Scoutmaster.

GOING TO GERMANY—George LaFreniere, 9, above, is leaving within the next 10 days to join his father, Warrant Officer (i.g.) George T. Smith, in Goeppingen, Germany. The boy, now living with his grandparents, Mr. and Mrs. George T. Smith, 303 N. Houghton Ave., will travel to Detroit by bus and fly from there to Germany.

Ex-Marine To Meet Selling

A headline bout for the CYO boxing show Saturday night, March 1, will pit Francis Selling, of Manistique, Milwaukee Golden Gloves champion, against Ken Campbell, ex-Marine boxer and New York Golden Glover, now of Marinette, it is announced by the Rev. George Pernaski, CYO director.

Arrangements for the fight were completed Tuesday night.

Two other bouts also have been booked, bringing to seven the number already set for the show, the Rev. Pernaski stated.

Joe Halvorsen, of Manistique, will fight Ronnie Barrette, of Marinette, and Dick Belanger, an Escanaba Golden Gloves winner, also of Manistique, will meet John McDonald, of Menominee.

Because all of the outside fighters so far booked are from the Menominee-Marquette group, arrangements have been completed to make the show an inter-city tournament. The Rev. Pernaski is hopeful, however, of getting one or two fighters out of Escanaba and Munising to match against Manistique boys.

Sault Ste. Marie is having its own boxing show a few days after the Manistique event, and it is unlikely that any Sault fighters will take part in the local program, the Rev. Pernaski reported.

Social

Pink and Blue Shower
Mrs. William O. LaFreniere was guest of honor at a pink and blue shower Tuesday evening at the home of Mrs. Ralph Deloria, N. Houghton Ave.

During the evening canasta, 500 and bunco were in play and prizes were awarded as follows: Mrs. Henry Baker and Mrs. Fred Davis in canasta; Mrs. Albert Swanson and Mrs. Lee Bare in 500; and Mrs. Hannah Frans and Mrs. Homer Weber in bunco. Mrs. Myrtle McMillan was given the special award.

Lunch was served later to the 40 guests present. Mrs. LaFreniere received many gifts.

Birthday Party

Nancy Jean Gentz, daughter of Mr. and Mrs. Willard Gentz, Cherry St., celebrated her fifth birthday anniversary with a party at the home of her parents Monday afternoon.

During the afternoon games were played and moving pictures were taken.

Lunch was served later by her mother and aunts, Mrs. Emmett McNamara, Mrs. Norman Oliver and Mrs. Donald Hoholik.

Those attending were Donna Marie Hoholik, Mary Lou Anderson, Allen LaVigne, Donna Marie Atwater, Neil DeRousha Jr. and Nancy's brother, Billy.

Nancy received many gifts.

Kraft Extension Club

The Kraft Extension Club held its regular meeting Tuesday evening at the home of Mrs. Wilbert Rouse, 157 N. Cedar St.

During the business meeting Mrs. Herbert Utech and Mrs. William Hamill were selected to attend the food preparation and serving lesson at the Manistique township hall.

Lunch was served later from a table decorated in the Washington's birthday theme.

Guests of the club were Mrs. Carl Walvors, of Clio, and Miss Ruth Nylander and Mrs. William Raredon.

Home Economics Club

Mrs. Ray Ranguette and Mrs. Jules Rivard entertained members of the Garden Home Economics Club Tuesday at the Rivard home, 304 Chippewa Ave.

After the business meeting canasta was played and prizes were given to Mrs. Charles Tatrow, Mrs. Nick Thimmes, Mrs. Joseph Duschene and Mrs. Dighton Tatrow. Mrs. Nick Thimmes also received the special award.

Lunch was served later.

Mrs. Anna Mayo and Mrs. Stanley Sternski, of Chicago, visited here at the Jules Rivard home, 304 Chippewa Ave., Tuesday.

"BIRDMAN" OF THE FUTURE—Marine Sgt. Daniel Murphy of Pittsburgh, Pa., shows the Navy's "hoppi-copter," a one-man helicopter which it is hoped will some day enable a full-armed man to get about the battlefield more quickly. Engine and gas tank are strapped onto the Marine's back; his legs are the landing and take-off "gear." Performance details of the flying machine are secret, but Navy spokesmen said this model, shown in Washington, D. C., did lift a man and hover over a field as early as 1947.

One Files For Council Seat

With three council seats and the justice of the peace office to be filled at the biennial city election Monday, April 17, only one candidate so far has filed nominating petitions, it is reported by Alex Robertson, city clerk.

Otto Schubring, incumbent councilman, this week filed the necessary papers certifying him as a candidate for the municipal board. His present term expires April 17.

Other councilmen whose terms expire in the spring are George Stephens and Walter Burns. Neither has yet made any public statement on political plans.

Council appointment of Victor P. Deemer as justice of the peace also expires at the spring election, and the vacancy must be filled by local voters.

The final day for filing nomi-

Strange Method Used To Unravel Murders

KHARTOUM, Sudan (AP)—Strange and occult methods are still used in the Sudan. The official Sudan Monthly Record relates how "an influential leopard-skin chief" found the killer of two tribesmen.

A number of suspects were gathered and a black goat slaughtered while the suspects drank milk from one of the dead men's cows. No one refused the milk or confessed after drinking it—as should have happened.

But that night one of the suspects felt deathly ill and called for the leopard-skin chief. He removed the "spell," the man recovered and confessed. The Record says guilt was later established legally.

Bargains you want on Classified Page

nating petitions is 20 days before the election. Last day for registration is March 7, 30 days prior to the election.

Bellaire To Be Feted At Nahma

John I. Bellaire, selected by the Manistique Lions Club as its "favorite citizen" at a regular meeting Tuesday night, will be honored at a meeting of Upper Peninsula Lions Saturday night at Nahma.

He will be presented with the Lions International Special Service Award for outstanding service by an individual to his community, state and nation. The presentation will be made by Frank E. Richards, president of the local Lions Club.

The first annual Favorite Citizen Dinner is sponsored by a Region 2 committee composed of Albert H. Giroux, Nahma, deputy district governor, and Zone Chairman Oral Thompson, Cornell, and Vance Davis, Trenary.

Each of the 40 clubs in the peninsula has been asked to choose a "favorite citizen" to be honored at the Nahma dinner. Non-Lions also are eligible for the distinction.

Bellaire, still active and employed at 80, has been a progressive and influential citizen of Schoolcraft County since he came as a youth to the logging town of Seney. A former merchant of Seney, Germfask and Manistique, he has for many years been one of the Upper Peninsula's most active boosters, particularly in the field of making this area known as a resort country.

Locally he has been responsible for publicizing the Big Spring and its legends and stories throughout the nation, and collaborated with the late John Baner in the publication of a book of poems about

City Briefs

George Selling, 430 Delta Ave., has returned from Little Traverse Hospital, Petoskey, where he was a medical patient for a week. John Lehman, Deer St., also is a medical patient at Little Traverse.

Walter Wilson, of Moran, former forest ranger here, was a visitor in Manistique Tuesday.

Mrs. Joseph Duschene, of Garden, is spending a few days visiting here with her daughter and family, Mr. and Mrs. Jules Rivard, 304 Chippewa Ave.

Mrs. Don Arntzen and son, David, have arrived from San Diego, Calif., to spend some time visiting here with her parents, Mr. and Mrs. Mike Lindberg, 608 Range street.

the famous spring. He also authored a booklet on Indian legends connected with the spring.

Bellaire was born in White Pigeon, Mich., and was a school teacher before moving to Seney.

Will Observe Laymen Sunday

Laymen's Sunday will be observed at the Presbyterian Church during the Sunday morning worship service, it is announced by the Rev. Paul Sobel, pastor. Speaker at the service will be Lawrence Erickson, of Escanaba, who will give a report on the National Men's Council. Other phases of the worship program will be handled by the following session members:

Opening sentences, invocation and Lord's Prayer, John C. Hanson; responsive reading, Arthur Thorp; offertory prayer, William J. Cook; Scripture reading, William L. Norton; pastoral prayer, Marvin Frederickson.

Benediction will be pronounced by the Rev. Sobel.

All members of the congregation are invited to attend the service, with a special invitation extended to men of the church.

... need COAL again?

WHY NOT BE COMFORT AHEAD ALL WINTER?

... AND MONEY AHEAD NEXT SPRING?

Don't just ask for "coal"...

Insist on genuine

Phoenix PREMIUM QUALITY COAL

What makes the big difference? Nature just put a lot more heat into every ton of this premium quality Kentucky Elkhorn Coal than into ordinary coal.

Careful cleaning, sizing and laboratory control for purity do their part, too, in making Phoenix cleaner and hotter burning... easier to handle and control. Why settle for less comfort and convenience when Phoenix costs less by the season?

Try Phoenix stoker coal for better automatic heating... it's specially prepared, Dust-Treated, to get "top" performance out of your stoker.

Marooned Honeymooners Get Help But SOS Goes Long Way

Two honeymooners Tuesday found that the hobby of "ham" radio operating was one with few equals when it brought help to them when they were stuck in the snow near the fire tower north and east of Rapid River.

The couple, Mr. and Mrs. Rudolph Fleischer, 4050 Parkside Ave., Chicago, were married Saturday in Green Bay and came to honeymoon at the home of Mr. and Mrs. Arthur Tienert at Masonville.

Rudolph is a "ham" and has a portable radio set in his car. Tuesday morning about 10 they left Masonville for a ride, intending to return for lunch at noon.

About 4:20 in the afternoon the Gladstone State Police post received a radio message from Lansing headquarters that an auto was stuck in snow in the vicinity of the Rapid River lookout tower and they needed assistance.

The message advised that Fleischer had attempted to raise another "ham" in Michigan or nearby but the only one he could contact was in Oregon. The Oregon "ham" operator then sent out the message which was picked up by another "ham" in Charlotte, Michigan, and also by another operator in Illinois.

The Charlotte operator contacted state police headquarters in Lansing and the Gladstone post was advised of the situation. The Illinois operator "raised" Henry Brolin, Manistique radio store owner, also a "ham" and Brolin contacted the Masonville Post Office as requested.

Joe Bergeron and his son Norman left Masonville with a truck and Arthur Tienert and Arthur Hassel left for the scene but took a different route, not knowing exactly where the couple was stranded.

Michigan State Police dispatched a patrol car which arrived on the scene shortly after Bergeron reached there. At any rate the couple got back into Masonville, tired, hungry and cold about 6:30 that evening and Fleischer was happy in that his hobby had proved useful.

Safety Patrol Is Functioning Well

Gladstone's new School Safety Patrol began its duties on Tuesday and good cooperation is being given the young patrolmen, it is announced by Trooper Joseph Svoke who has been assisting in the formation and coaching of both the junior patrolmen and the students who are being patrolled.

Adult cooperation is requested by Trooper Svoke.

The school patrolmen function at the four corners of the block and which the school is situated and also at the entrance to the building. An adult, engaged by the city, patrols at Ninth and Michigan, and also in the Buckeye area.

Parents have been asked to advise their children to cross only at the points where traffic is supervised or patrolled.

Briefly Told

Novena Service—Novena services are to be held Friday evening at 7:15 in All Saints' Catholic Church.

Postpone Meeting—A meeting of the Minnecawas Homemakers club scheduled for Tuesday evening has been postponed until after the next lesson on March 3.

Woman Foresters—A meeting of Sacred Heart Court, Woman's Catholic Order of Foresters, is scheduled for tonight at 8 at All Saints parish hall. In charge are Mrs. Phil Miron, Mrs. William McCormick and Mrs. Joseph Lauzon.

OLDEST AMERICAN SPORT—Lacrosse, a game of American Indian origin, was adopted by white settlers in Canada and has come to be regarded as the Canadian national game. It probably is the oldest organized sport in America.

Cub Pack Plans Dinner Monday

The Gladstone Cub Scout pack is having a Blue and Gold dinner meeting Monday evening at 6:15 in the Gladstone high school gym marking the 19th anniversary of Cubbing here.

The event is for all Cubs and their families, Den Chiefs and families, Scout executives and families, local Scoutmasters and a group of invited guests.

The dinner will be planned pot-

luck, served buffet style. Each family is bringing a hot dish and with salad or a cake. Each family will bring their own table service, bread and rolls. Coffee, milk and ice cream will be furnished.

The program will include a Bobcat ceremony at which a group of new members will be inducted, advancement ceremonies, awarding of service stripes to Cubs with a year or more of service, and a movie "The Years Between" which portrays the various phases of Scouting.

Among the guests invited are Mr. and Mrs. James T. Jones and Mr. and Mrs. Claude Hawkins by Den 1, Mr. and Mrs. LeRoy Hamilton and Mr. and Mrs. Reuben Sjoquist by Den 2, Mr. and Mrs.

Dave Phalen and Mr. and Mrs. A. B. Ellington by Den 3, Mr. and Mrs. Andy Houston and family and Rudy Pehn by Den 4 and Rev. Clifford Peterson and family by Den 7.

Mrs. George Kelly is chairman of the dinner and Mrs. Don Finlan and Mrs. Carl Olson.

TRAVEL TICKETS

A passport is a document issued by the government of a country to its citizens permitted unimpeded travel abroad; a visa is an endorsement made on a passport by the government of a foreign country, denoting that it has been examined, and that the bearer may enter the country.

Girl Scout Party Set For March 12

The annual Girl Scout birthday party, this time marking the 40th anniversary of the founding of Girl Scouting, is to be held at the assembly room in the Gladstone high school on the evening of Wednesday, March 12, it was decided at a meeting of the Girl Scout leaders Tuesday evening at the high school.

On the program will be a flag ceremony by Mrs. Tom Hite's Troop 17, talks on the subject "What We Get Out of Girl Scouting" by Beatrice Brusoe of the senior troop, Kay Bolger of the Intermediate troop and Mary Jo

Druding of the Brownies, the usual penny march and movies.

Lions To Honor W. VanDeWeghe

Lions clubs of this area are to present a distinguished service award to some person each year who has made an extraordinary contribution to his community and the first such award will be made Saturday night at a meeting to be held in Nahma.

Chosen as the recipient of the award for the first time it is given is Walter VanDeWeghe of Kipling and Gladstone.

"Van" as he is commonly known has been active in many community projects. He has participated in and boosted many varied sports, has been secretary-treasurer for the Gladstone Bowling league for more than 25 years, has worked and promoted winter carnivals here, is an excellent and veteran bowler, an ardent football and basketball fan, former hockey player and still an enthusiast of the sport, is a member of the Brampton township school board, former secretary-treasurer of the Gladstone Golf club, is the present men's champion of the Gladstone club, secretary of the Gladstone Lions club since its inception and a former district governor of Lions International.

He also takes an active part in the program carried out by the Holy Name society of All Saints Catholic church.

IN MEMORIAM

In sad but loving memory of our dear daughter and sister, Marcella Beaumier Flagstad, who passed away three years ago today, February 21, 1949.

The flowers we placed upon your grave May wither and decay.

But love for you who sleeps beneath Will never fade away.

Our hearts still ache with loneliness. Our eyes shed many a tear.

God alone knows how we miss you As it ends this third sad year.

Sadly missed by Her parents, Mr. & Mrs. Henry Beaumier Sisters and Brothers

In This Corner

With Ray Crandall

In Madison last week we heard good reports on two Upper Peninsula boys who will be candidates for the University of Wisconsin varsity football squad next season . . . Keith Lundin of Iron River and Bob Gingrass of Iron Mountain spent last season on the Badger junior varsity squad . . . Gingrass particularly looked like sure-fire first string stuff, persons close to the football scene said.

Uncle Sam may have a new baseball and hockey star on his team before very long . . . Rusty Hiltunen, former Escanaba Bear star pitcher and more recently a hurler with the Oshkosh Giants of the Wisconsin State League, is scheduled to have his pre-induction physical examination before the month is up . . . Russ joined the Hawks late this season but has looked very good in recent games . . . We'll never forget the amazement of Red Lucas, Giant scout, when he first saw Rusty work on the Bear mound . . . Rusty was working on a no-hit, no-run game for six innings before Lucas had to leave the park because of a previous engagement . . . Every time the little fire-baller burned one over the plate Lucas' eyes got bigger . . . It wasn't long after that game that Rusty signed his contract.

Leno Pierop, former Hermansville High School athletic stand-out, had a big evening for himself recently when his Ferris Institute cage team played Northern Michigan College at Marquette . . . Pierop flipped in 23 points in a losing cause as Northern won 91-84 . . . Louie Taccolini of Northern had an even bigger night though, racking up 41 points to set a new Northern individual scoring record . . . Taccolini starred for Negaunee St. Paul as a high school athlete.

Odd ends . . . New York State tops the nation with 8,523 credited bowling lanes and 970 kegler establishments, according to American Bowling Congress figures. Illinois is second with 6,396 alleys and 673 emporiums . . . In his first 50 games with the Milwaukee Hawks of the National Basketball Association, rookie Mel Hutchins, erstwhile Brigham Young ace, snared 689 rebounds. That compares favorably with 635 by the great George Mikan, Minneapolis veteran . . . Ray Powell of the Providence Reds is definite proof that it pays to stay out of hockey penalty boxes. Powell has been in the box only once and that occurred in the opening game of the season. Powell leads the American Hockey League in scoring . . . The all-time home attendance record for Michigan State basketball was set in 1947-48 when 88,750 spectators saw 10 home games. Biggest single crowd was 15,384 for the Kentucky game that season.

Shift Trojan Lineup For Baraga Contest

Coach Tom St. Germain of St. Joe today announced a revised lineup which he will send against Marquette Baraga at Marquette tomorrow night.

Bob Sendenburgh, who drew praise for his work in the Rapid River game Saturday night, gets a starting assignment at guard against the Baragans. Sendenburgh teams with John Martinec

in the guard slots, Pete Kutchers will be at center, Bill Baker and Dick Cass will handle forward duties.

The Trojan mentor also announced this morning that two players have been brought up to the varsity from Coach Don Dufresne's Bee squad. Dave Hirn and Bill Maycunich were moved up and will make the trip to Marquette.

Front line reserves leaving with the Trojans tomorrow afternoon at 5:45 will be Jim Gravelle, Jim Zimmerman, Don Legault, Tom Brien and Jerry McDonough. Players will travel by car to Marquette.

Mitt Champions Vie On March 4

DETROIT—(AP)—State amateur boxing champions will be determined in the first annual Michigan AAU Boxing championships March 4 at the State Fair Grounds coliseum.

Winners of the Grand Rapids Golden Gloves tournament will be pitted against Detroit's champions. The Motor City boxers are likely to figure as underdogs against the youngsters from other parts of the state because so many more boxers were represented in the Grand Rapids field.

The Detroit Golden Gloves tournament started with a field of 150 in the open classes. Grand Rapids had to work down from a field of about 700.

Winners of the Coliseum show will go to Toledo as Michigan's finals for the U. S. Olympic team. If they win at Toledo, they will continue to the Olympic finals at Kansas City.

The top boxers in each class also will be eligible to go to the National AAU championships in Boston April 7, 8 and 9 provided the AAU can raise sufficient money to finance the trips.

Wildcats Scoring At Record Pace

NEW YORK—(AP)—Kentucky's basketball Wildcats are riding the crest of the highest point production rate ever recorded in collegiate annals with an average of 86.2 points a game.

Figures released today by the NCAA service bureau for games through last Saturday show that Kentucky has poured 2,068 points through the hoops in 24 games.

The Wildcats' present average exceeds the all-time collegiate mark of 85.3 points a game established by Beloit last year.

West Virginia whipped four foes last week in scoring better than 90 points a game, and moved into second place with an average of 81.1 for 21 games.

Hermansville Gold Medal Cage Tourney In March

The 14th annual Upper Peninsula and Northern Wisconsin Gold Medal Amateur Basketball tourney will be held at the Hermansville Community Club on March 24 through 30. Entry deadline is March 15.

Entry blanks for the tournament will be put in the mail immediately. Teams from every section of the Peninsula and Northern Wisconsin are invited.

This tournament is the largest

Pine Mountain Gets 1st Entry

IRON MOUNTAIN, Mich.—Karl Martitsch, member of the 1948 Austrian Olympic team, today became the first official entry for the ski-jumping classic here March 8 and 9 on giant Pine Mountain slide.

Riding for the Sault Ste. Marie (Ontario) Ski Club, Martitsch, in addition to being on the '48 Olympic team which jumped in Switzerland, was a member of the Austrian FIS team which competed in the World Championships at Lake Placid in 1950.

While here in 1950, he won the U. S. National four-way championship in a tournament held at Mt. Hood, Oregon.

A stylist and a distance jumper, the Austrian star will be among 90 American and European jumpers expected to congregate here for attempts at the first 300-foot leap east of the Rockies.

Bronco Gridmen Win 16 Letters

BARK RIVER—Sixteen football letters were presented at the annual Bark River-Harris grid banquet at the Senior High School Saturday.

Coach Paul Winiakainen awarded letters to Wayne Erickson, James Greenwood, Billy Good, James LaVigne, Richard Shepherd, Florian Bartozek, Louis D. Bord, Peter Kasbohm, Harold Charbonneau, David Kwarciany, Joseph LaVigne, Jack Good, Kenneth Heim, John Petrick, Allan Schoen and Jack Lavesque.

Mothers of the football and basketball players prepared and served the dinner which was attended by 80 guests.

Speaker was Kenneth L. Gunderman, editor of the Escanaba Daily Press. Superintendent Leo J. Brunelle served as toastmaster.

Illinois Must Stop High-Scoring Darling To Beat Iowa Saturday

CHAMPAIGN, Ill.—(AP)—An attempt to cork the steady stream of baskets Iowa's Chuck Darling has been pouring in against Big Ten basketball opponents probably will dominate Illinois strategy Saturday night.

The Illini tried to stop up Darling's tremendous scoring power once before, and failed. That was one of the big reasons Iowa beat Illinois 73-68 on Feb. 9 at Iowa City and moved into a tie with the Illini for the Big Ten leadership. They still are in a deadlock for the lead with 9-1 records.

The Huff gymnasium clash Saturday night is expected to decide the Big Ten basketball championship, although both teams will have three more conference games. Only other team that might have a look-in at the crown is Minnesota which has won nine and lost three.

Tough At Home
The Illini, like the Hawkeyes, are tough at home. The Hawks, for example, have won only one game of 19 at Champaign. That victory was in 1928.

But this apparent Illini home-floor advantage will mean little if

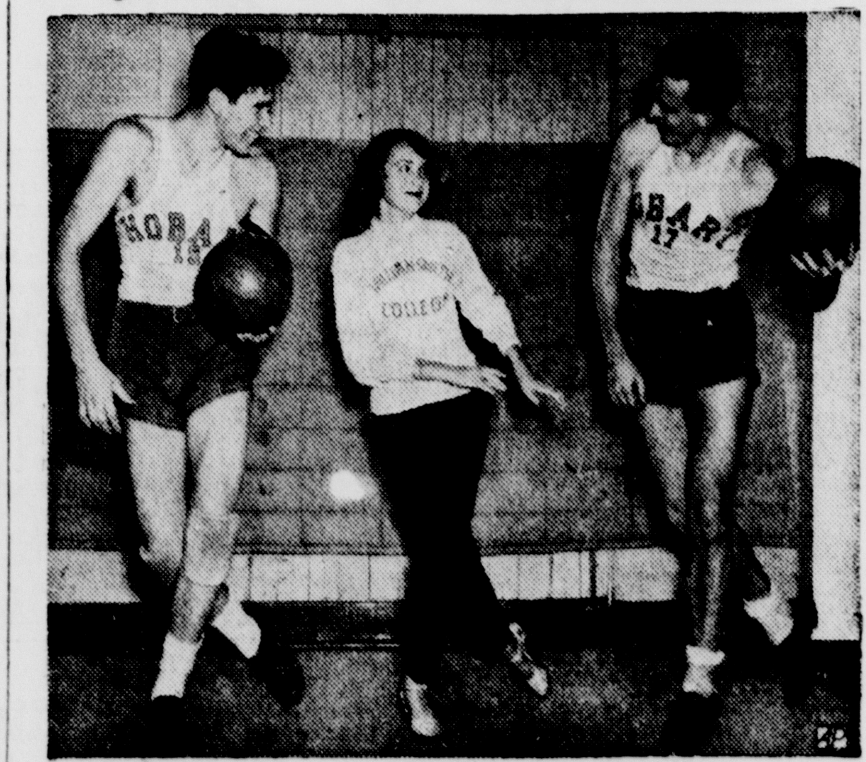

Illinois can't do something about Darling's under-the-basket work. In the Iowa City game, Illini centers Johnny Kerr and Bob Peterson alternated in guarding Darling, and both were a match for the Hawkeye star in height, six feet, eight inches.

But Darling, despite four fouls against him in the first half, played his usual excellent game the full route and racked up 26 points, his exact average for Iowa's 10 conference games.

Darling admittedly is Iowa's chief offensive weapon but, should opponents pay too much attention to him, freshman forward McKinley (Deacon) Davis, former Freepoint, Ill., prep all-stater, and veteran guard Bob Clifton can take over scoring chores in deft manner.

Billikins Qualify
St. Louis last night became the second team to qualify for the N. C. A. A. eliminations. The Billikins whipped Houston, 63-55, to win the Missouri-Valley Conference title. Kentucky, the defending NCAA champs, previously had qualified by winning the Southeastern Conference.

Rhythm A La Basketball

LOOK, MA, FEET! . . . Paul Griswold (left) and Capt. Lew Berkeley of Hobart College's basketball team seem to like practice better, thanks to Peggy Hillsgrove's dancing lessons. The idea is to improve footwork.

AP Newsfeatures
GENEVA, N. Y.—It's hard to tell the difference between a Hobart College basketball practice session and a school of the dance. Coach Spike Garnish got a little tired of his lad's footwork, or lack of same. So he called in Peggy Hillsgrove of Baldwin, L. I., a student at adjoining William Smith College.

Pretty Peggy is giving the team tap dancing lessons with great success, according to Garnish. "I won't say these guys could crack a Broadway musical," says Garnish, "but at least they've learned they have feet."

Rodman's Face Harnies In Independent Clash Tonight

Rodman's Foxes of Hermansville make their second appearance of the season in Escanaba tonight when they meet the local Harnischfegers at the Junior High. The game is being staged for the benefit of the Escanaba Basketball Association and has been designated as the booster game of the season.

The last time the Foxes came to town they took the local Kess-

lers into camp by a 68 to 56 count. The feature of that game was the battle for rebounds between 6 foot 2 inch Tony Machalk of Hermansville and Don Lewis of Kesslers. This interesting sidelight will be repeated tonight with Lewis operating in the pivot for the Harnies.

Harnischfeger defeated the Foxes, 78 to 64, at Hermansville with Tom St. Germain pouring in 24 points and Lewis chipping in with 15. In that contest, the Harnies held the high-scoring Chick Gerrish to 13 markers and they will be out to bottle him up tonight.

Season Records
With Lewis and St. Germain in their lineup, the Harnischfegers

have one of the best quintets in this area. They have chalked up 16 victories in independent competition, losing only to the Detroit Vagabonds, House of David, Milwaukee Harnischfeger, the Hawaiian All-Stars and Negaunee Eagles.

Hermansville has also compiled an impressive record with victories over Iron Mountain, Florence, Niagara, Menominee, Powers, Republic, Escanaba Kesslers, Stambaugh, and Kingsford. In addition to their losses to traveling teams, they have dropped games to Iron Mountain, Al's Tavern of Escanaba and Harnischfeger.

The preliminary tonight is scheduled for 7 o'clock with the main game slated to start at 8:15.

Esky Foe Owns Losing Streak

The Escanaba Eskymos take to the road tomorrow night for their first and only meeting with the Kingsford Flivvers of the Menominee Range Conference.

The 1951-52 cage season is drawing to a rapid close and the Eskymos have only one more outing after tomorrow night. That's the second meeting with Gladstone slated for the Braves' gymnasium Friday evening, Feb. 29.

At Kingsford the Eskymos will be facing a team which has lost 13 straight games since Nov. 30 when the Flivvers posted their lone victory of this season.

The Escanaba encounter is the final game on the Kingsford slate. In spite of their poor won, lost record the Flivvers are capable of putting the ball through the hoop. Seven of the 14 games Kingsford has played produced 50 or more points for the Flivver quintet. In their last start the Flivvs lost 66-48 to Norway.

Terrible Tempered Tom Follows Hot Golf Trail

AP Newsfeatures
SAN DIEGO, Calif.—"I'll bet," said a spectator in the gallery, "that you could light a match if you struck it on the back of that fellow's neck."

"That fellow" was Tommy Bolt, no neophyte in tournament golf, but at least a newcomer to laurels in the sport.

"Terrible Tempered Tommy," many friends call him in humorous fashion, but there is more truth than humor in the description.

The match suggestion came on the 12th hole in the third round of the recent San Diego Open, a par 4 where torrid Tommy had just taken a fat six. He had tapped up short on his fourth shot which made him a little sore. So instead of lining up the ball for the remaining six inches, he elected to "pull" it in.

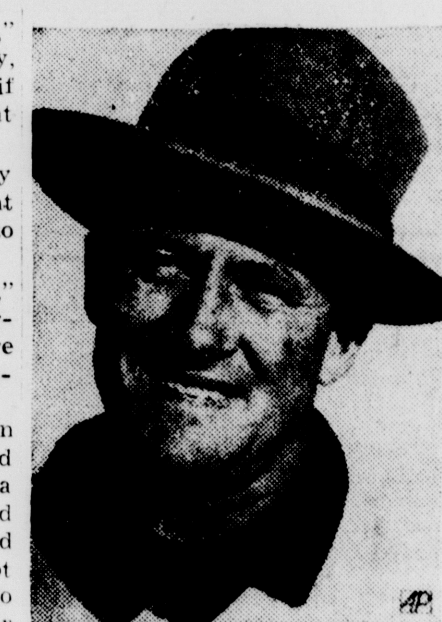

This failed, and he virtually blew it in on the next try.

He calmed down almost immediately and birdied two of the next four holes.

"Yes, Tommy does have a temper, but he never gets mad at anyone but himself. In fact, he's a lot better now than he used to be."

So spoke Mrs. Shirley Bolt, the golfer's wife and mother of their 14-year-old son Richard. She travels with Tommy on the tournament tour and the son goes to school in her home town of Houston, Tex.

Bolt, who may become a most interesting figure in golf, captured the North and South Open by

TOMMY BOLT

three strokes last winter, and followed up with the best triumph of his unusual golf career—victory in the rich \$17,500 Los Angeles Open in January.

Tommy pocketed \$4000 for that one after disposing of Jack Burke, Jr., and veteran Dutch Harrison in a three-way playoff.

Tommy, now 33 years old, got acquainted with golf when he caddied as a kid in Shreveport, La., at the old Municipal course. He began to play, too, but the war interrupted a formal start. He served for nearly two years in the European theater, and after the conflict he was assigned as a GI golf instructor at the Rome Country Club in Italy.

Johnny Bratton Wins Over Cardell In 10

CHICAGO—(AP)—Johnny Bratton, onetime NBA welterweight champion, opened up just enough to win a split decision in 10 rounds from Stolid Vic Cardell last night and was awarded a March 26 match with Billy Graham.

Bratton, Chicago Negro who fought current welter champion Kid Gavilan to a draw here recently, will meet Graham, New York welterweight challenger, in the Chicago Stadium, promoters announced.

Inside Story on Perfect Drinks

The inside story of the drinks you mix—is told by the whiskey you use. The finer the whiskey the finer the drink. So always mix with Seagram's 7 Crown. You'll be sure of a success story in every drink you serve!

Gladstone Is Host To Manistique Friday In Great Lakes Cage Tilt

GLADSTONE — The Gladstone Braves are entertaining the Manistique Emeralds here Friday evening in one of two games remaining on the pre-tournament schedule.

A preliminary between the reserve teams of the two schools is set for 7.

Ball handling in recent games has shown a decided improvement and if the Braves come through in a game with the kind of shooting they display in practice they could end the season with a couple of victories.

Coach Eldon Keil said he was not planning any changes in lineup. Either Jerry Norick or Harold Goodyer will be at center with Lowell LaPlant and either Roger Beauchamp or Duane Peterson at forwards and Martin Becker and Capt. Tom Moreau at guards.

Also available for duty will be Tod Boutilier, Ron Timler and Tom LaLonde.

John Soli of Marquette and Bernard Tobin of Carney will handle the games.

FINAL ROAD TRIP
MANISTIQUE — The Emeralds

Wings Held To Tie By Rangers

DETROIT—(AP)—The Detroit Red Wings had to settle for a 1-1 tie with the New York Rangers in a game last night, and the Wings were lucky at that.

Gordie Howe tied the count on a fluke long shot with less than two minutes to go. Howe's shot was an easy floater from just inside the blue line. It looked to be an easy one for goalie Emile (The Cat) Francis to handle. But the puck slipped through his glove and barely fell over the goal line.

Detroit boosted its first-place lead over Toronto to 15 points. The Rangers took a two-point lead in the standings over the fifth place Boston Bruins.

It was Howe's ninth goal in seven games and his 34th of the season. The Wings have been shut out in two previous games at Madison Square Garden.

The heavy-checking game saw 13 penalties handed out. Seven went to Detroit and six to New York. Tony Leswick got three and Alex Delvecchio got two for Detroit.

Billy Hoefft Signs With Buffalo Club

BUFFALO—(AP)—Billy Hoefft, a southpaw hurling Detroit Tigers bonus baby of 1950, has signed his contract to play with the International League's Buffalo team.

Buffalo General Manager Bill Hayes made the announcement yesterday.

Playing with Toledo last year, Hoefft had a record of nine victories and 14 defeats.

Hal Newhouser Says Arm Is Back In Shape Again

LAKELAND, Fla.—(AP)—Pitcher Hal Newhouser is expected to sign his 1952 contract with the Detroit Tigers any day now.

The Tigers' ace lefthander before he was sidelined by a sore pitching shoulder last season, Newhouser tested his arm in a 12-minute workout yesterday.

Newhouser seemed satisfied the old soreness had gone. He put in a phone call to General Manager Charlie Gehringer to send his contract to Lakeland.

Announcing he was ready to sign, Newhouser said, "I'm convinced my arm is better."

"I've been worried sick all winter that I was washed up," Newhouser explained. "That was the only reason I didn't sign my contract two weeks ago. I'm not objecting to a salary. I expected one and deserved one. But I wasn't going to play ball at all if I thought I couldn't pitch and win."

Chins Himself
Newhouser disclosed how he has been doctoring his sore shoulder during the winter.

"I decided," he said, "the best thing to do was to try and loosen the muscles in my left shoulder. I figured something had jammed up there because of all the pain I had when I tried to pitch. There's a steel beam in my basement at home, so I decided to chin myself every day to stretch those shoulder muscles and strengthen them."

The 30-year-old southpaw said he averaged about 15 chin-ups

Dick Savitt Not Talking

NEW YORK—(AP)—Dick Savitt isn't talking!

That probably will come as a surprise of major proportions to the Australian press which has labelled the fiery South Orange, N. J., tennis star one of its top enemies.

Savitt, a big, curly-haired youth who previously never had been in press difficulties, really got it in Australia during and after the Davis Cup matches when he told some reporters from down under their papers "stink." They printed it, and Savitt apparently has learned the penalty of speaking out of turn.

Now he's just playing, not making any statements that could even be remotely construed as being controversial. Of course, practically all the brass from the United States Lawn Tennis Association is on hand for the National indoor championships and all are keeping a wary eye on their newest problem child.

Savitt entered the quarter-finals last night when he whipped Dr. Reginald Weir of New York, 6-1, 6-4.

schools, however, have played more conference games than Manistique and have a slight edge over the locals in the percentage column.

Coach Hussey has been putting his men through tough offensive paces this week in preparation for the Gladstone encounter. Defensively, the Emeralds have given a top performance most of the season but their offensive play still leaves much to be desired, particularly their scoring accuracy.

Starters against the Braves are expected to be the same as opened against Escanaba last week, with Dick Lake at center, Warren Wilson and Don St. John at forward, and Bob McNamara and Paul Hinkson in the guard slots.

Keg Queen

Detroit's Marion Ladewig Best Woman Bowler In History Of Sport

MRS. LADEWIG

MUSKEGON—(AP)—Because she is probably the greatest woman bowler the sport has ever known, Queen Marion Ladewig's task here this weekend becomes all the more fantastic.

At stake, in the annual Michigan woman's tournament, are the first of the titles Marion has to defend in 1952. There are three of them in this one tourney alone—team, doubles and all-events.

To repeat in any one of the events is virtually an impossibility. The pressure is too great.

But in the case of a woman who ranks so far out in front of all her challengers, the unspoken threat from the sidelines always is the same:

"Come one, show us how good you are."

Overcomes Odds
The odds are all against Queen Marion—but the odds against her were even greater in Chicago last December. There were few who thought she could repeat for the third straight year as National champion.

But she did it, with a performance that re-wrote the record books, establish her as the absolute, supreme, grand high commander of women's bowling.

What makes this 37-year-old Grand Rapids mother of a grown daughter so good?

If you could package the answer and sell it you'd make a fortune from half a million women bowlers—and a good share of the men who bowl.

Marion, herself, is no great help in answering the question.

"Just lucky I guess," she says with a shy smile.

That's wishful thinking, of course, as anyone who saw her at Chicago can testify. In coming from behind to win her third championship Mrs. Ladewig set a record which might never be equalled.

In one day she bowled eight games, spilled 1,981 pins, for an

average of 247-plus. Her over-all average for the championship finals was 211. Both figures topped anything the men could do.

It was all done, mind you, under pressure the like of which only comes in a World Series, Olympic games, Davis Cup, or the U. S. Open in golf—the championship at stake.

But therein probably lies the answer to why she is so good. She is at her best under the heaviest pressure.

"Ladewig is bowling crazy," says William T. Morrissey, her

original coach and now her employer.

"Her timing and rhythm are perfect, of course, although she doesn't have a particularly strong strike ball. But the thing that does it is her terrific urge to win," Morrissey says.

"Off the alleys she's so reserved, quiet, and shy that she lacks the color of a champion," he goes on. "But in a match game at which she excels she's a wildcat. She has all the confidence and determination to win that any champion ever had."

Tom Bolger
Manager

Rare Owl Taken In Weasel Trap

Adolph Lippens, well-known St. Nicholas farmer, was in Gladstone yesterday with a tiny owl measuring only about 6 inches in height. He had caught the bird in a weasel trap last Friday and it had remained alive and quite tame until yesterday when it died.

Lippens, who has hunted and trapped for forty years, (he's the man who got old "Three Toes", the marauding bear), said he had never seen one like it before and no one around who saw the bird could immediately identify it.

Howard Eldred, Escanaba, district supervisor for the Michigan Conservation Department, was contacted and he identified it as a Saw-whet owl after seeing it. His judgment was corroborated by pictures and description in A. T. Sohlberg's Audubon Bird Guide.

The bird, smallest of northern owls, is entirely foreign to these parts. It breeds from Nova Scotia, Ontario, Alberta and Alaska, south to Connecticut, the Mountains of Maryland, Indiana, Missouri and Arizona and in winter move south to Virginia, Louisiana and southern California, the Bird Guide states.

The saw-whet is so-named because the best known of his varied calls, uttered in groups of three, sounds like the filing of a saw. He is silent except in winter and early spring when he becomes quite noisy.

Name Leaders In OES Card Tourney

Winners in the Eastern Star Card Marathon play held on Tuesday evening at the Masonic hall is as follows: In the marathon play Mrs. Archie Cowen and Mrs. Bert Nisonen were high in

bridge and for the evening's play, Mrs. Esther Gabe and Mrs. Herb Lundmark held high honors in bridge. Mrs. Gus Lindahl and Mrs. Carl Sundling were high in both the marathon and evening's play in five hundred.

Pinch winners for the evening were Mrs. Dan Russell and Miss Vera Ohman and marathon winners were Mrs. August Pickard and Mrs. Carlton Pickard. Marathon winners for canasta were Mrs. Elsie Carew and Mrs. Hildgard Anderson had high for the evening was Mrs. John Dee and Mrs. Melvina Wilhelm.

The next session of marathon play will be held the evening of the third Tuesday in March.

City Briefs

Capt. and Mrs. Daniel Sheeran and daughter arrived yesterday from Fort Riley, Kas., to visit for several days at the home of the Wesley Heslips, parents of Mrs. Sheeran.

Mr. and Mrs. Norman Harris of Kipling will spend the weekend in Milwaukee. They will be accompanied by their granddaughter Maureen Harris who has been visiting here for the past three weeks. After spending the weekend in Milwaukee, Mrs. Harris will go on to the Lower Peninsula to visit with relatives.

Roy Coulter and daughter will arrive Friday from Wausau to visit here over the weekend with his brother Rex and family.

Mr. and Mrs. Cliff Murker and daughters, Rita and Mrs. Kenneth Pickard visited in Ishpeming last week with their son-in-law and daughter, Mr. and Mrs. Reno Norrell and family and attended Eskey Hawks-Marquette Sentinel hockey game. Mrs. Murker remained in Ishpeming on Sunday and returned with Mrs. Murker.

Miss Lois Murker is now employed by the North American Airlines in Los Angeles, Calif. Her office is at Hollywood and Vine.

Church School To Start China Study

The missionary program of the First Lutheran church school is scheduled to begin Saturday at 9:30 with a study of China. Janet Nicholas is the leader. A special offering for the World Friendship Fund is to be taken.

There will be a playlet with Richard Rosenlund, Margia Skelenger, Dennis Hutchinson, Jerry Nicholas, Laverne Seronko and Dennis Artley participating.

The U. S. almond production is limited to California, while the filbert, or hazelnut, production is limited to Oregon and Washington.

German Marriage Mart Figures Age Brackets

FRANKFURT, Germany—Sales figures who are 24 have the best chance to get married in Germany, which has a surplus of 2,800,000 women. Young housemaids run a close second in nuptial prospects, a survey by the West German Statistical Bureau indicates. But the bureau estimates that 1,000,000 German girls never will get married.

Next to 24-year-olds, those who are 22 and 18 are most likely to find husbands. For the group between 26 and 39, it's liable to be a lonely existence.

Over 40, demand again picks up. A well-groomed widow with an apartment of her own is sure-fire to receive proposals.

Adenoids are more prevalent in the middle class than among the poorer classes of people.

Nardico Takes On Tough Villemain

NEW YORK—(AP)—Danny Nardico, a fighting Marine from Tampa via Painesville, O., and a dozen Pacific Ocean ports, has figured in two sensational scraps that were seen by a lot of people around the country on television. He lost both.

"Now it's time I won one," said the clouting light heavyweight who faces Robert Villemain, the perpetual motion middleweight from France in the main ten rounder at Madison Square Garden tomorrow night.

The experts are stumped on this one. It shapes up as a thriller.

The stocky, thick-necked Frenchman will attempt to set a sizzling pace all the way, keeping on top of Nardico so that Danny won't be able to get leverage for his looping, power-packed punches.

If he can do that, Rapid Robert should win the decision over his 24-year old foe. But if the dark-haired little Frenchman should happen to open up and get tagged by one of Nardico's long range guns, then Danny may come up with his long sought win.

Johnny Berardino, former infielder for the Browns, Indians and Pirates is giving up the game for a career in acting. He has enrolled in a drama school.

Brundage May Be New Olympics President

OSLO—(AP)—International politics are boiling at the sixth Winter Olympic games.

The big question today is: will Avery Brundage succeed J. S. Edstrom of Sweden as president of the International Olympic committee, amateur sport's most honored job.

If he weren't an American Brundage would be almost sure of election. There are many Europeans who do not want to see the Olympic presidency go across the Atlantic. But chances are good Brundage will win.

"I have never campaigned for any office," said Brundage, wealthy Chicago hotel owner. Friends acknowledge he is available.

Edstrom himself started the back-stage political maneuvering when at the formal Olympic dinner preceding the games he called in Brundage to speak for him and introduced the big American with these words:

"We have been working together for 40 years. I hope he will be my successor."

Brundage now is first vice-president of the vast Olympic organization. Very probably his chief rival for the high post is Lord David Burghley of Britain, former Olympic champion in the 400-meter hurdles, and also a vice-president.

Observers believe the British commonwealth probably will vote as a bloc in support of Lord Burghley. The election is likely to take place next summer.

Brundage probably will get most of his support from Latin American nations who believe Europe has had too much say in the Olympic organization.

The Olympic presidency carries no salary and imposes many headaches. The man who holds the honor, however, becomes the spokesman for all amateur athletes in the world and hobnobs with chiefs of state and royalty.

"DOES PAPA GET A CUT RATE?"—Let's get it over with, Doc," is the theme of the five little Connor children, waiting at St. Mary's Hospital in Rochester, N. Y., for doctors to snip out their tonsils. When the whole Connor clan—left to right: Donald, 8; Sheila, 7; Jimmy, 6; Robert, 4; and Neil, 2—came down with tonsillitis, the family doctor recommended a mass operation. The parents, Mr. and Mrs. Robert Connor, agreed, and thus were 10 little tonsils taken out.

New Setup Of UMT Studied In Senate

By WARREN ROGERS JR.
WASHINGTON—(AP)—Testimony on a surplus ship deal topped the Senate's busy committee calendar today, along with bills to start Universal Military Training, clean up election campaigns and boost jobless pay.

The House, though, was far from idle. Its labor subcommittee weighing proposed tightening of mine safety laws was up against the old argument of federal versus state control.

Doors were closed on the Senate Armed Services Committee's con-

sideration of UMT. But Senator Flanders (R-Vt.) said he urged the group to approve a lottery method of choosing the first 5,000 trainees to be inducted each month.

Leaving this up to draft boards would be selective rather than universal, he said, and picking by lot would provide "a better cross-section."

Senator Gillette's (D-Iowa) elections subcommittee delves into the question of whether election campaigns can be purged of excessive spending and abusive name-calling. Senator Monroney (D-Okla.) says he may suggest creation of a permanent bi-partisan national fair elections commission. He says he would put a 12 or 15 million dollar ceiling on spending by a party in a national

election campaign. Reform proposals followed the subcommittee's investigation of the 1930 Ohio and Maryland senatorial elections. Its meeting today also was behind closed doors.

The roads looked rough for the administration-approved bill to increase unemployment compensation in areas where defense restrictions caused job layoffs. The increase would be borne by the federal government.

Little Dog Rescued From Chicago River

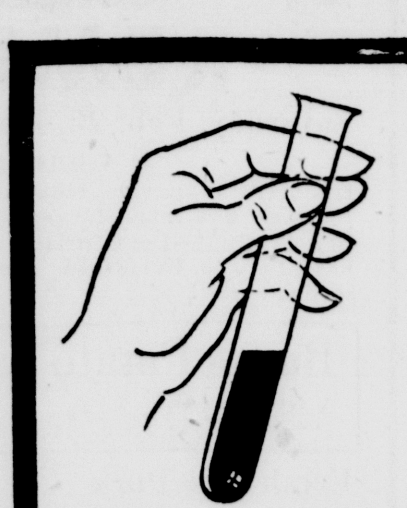

CHICAGO—(AP)—A man and a machine teamed up to rescue a dog from the Chicago River. The dog, wet and shivering, clung to a tiny speck of land at the bottom of a 25-foot bank.

Arnold Glisch, a humane officer of the Animal Welfare League, arrived on the scene. A tow truck was backed up to the bank. Glisch fastened a steel cable about his waist and, as the line was paid out by the truck, he slid to the water's edge. Then the cable, operating in reverse, hauled up Glisch and the dog.

TROPICAL FRUIT
The pineapple is believed to have been indigenous to tropical America. It first was seen by Columbus when he landed at the island of Guadalupe, in the West Indies. Apparently the fruit was not native to any part of the North American continent.

Beggar Girl Finds Home In Singapore

SINGAPORE—(AP)—For six years, since the end of a war in which she lost her parents, little Packam had been wandering the streets of Singapore as a beggar. One day not long ago, the 11-year-old girl asked a young schoolgirl for alms. Replying that she had no money with her, the schoolgirl invited Packam to go home with her to get something to eat. Packam enjoyed her meal so much that the mother of her newly-found friend asked her to remain with them.

Adoption papers have now been filed and Packam has a new home and parents too.
